Fifty-fifth Year | Canyon, Texas, Thursday, April 20, 1950 | Number 7

Rain Brings Relief From Dust, But No Improvement in Wheat; Predict Low Yield in Randall For 1950

Rain fell in Randall county Thursday, Saturday and Sunday. The total moisture for the three days was .68 inches, hardly enough to be of vital importance to the wheat, but much better than any dust storm which we have been having in recent weeks.

It is predicted that fully 80% of the wheat acreage will be plowed under as soon as there is sufficient moisture. Of the 20% which will not be summer fallowed, at least half of this acreage should be plowed.

One farmer put it this way: "If you are driving fast, the wheat looks good; but if you drive slowly, or stop to examine the crop, it looks terrible."

A survey of the wheat yields during the past 22 years is revealing. This period is from 1928 to 1949, inclusive.

During this period there were 8 years with yields above an average of 10 bushels per acre; and 14 years with an average below 10 bushels.

Of the 8 "good" years, 5 had an average of more than 17 bushels, 1929, 1942, 1944, 1947, 1949.

Three years produced an average of 10 to 12.8 bushels per acre, 1928, 1930, 1931.

The 14 years with an average below 10 bushels were 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, 1941, 1943, 1945, 1946, 1948. It is noted that 10 of these 14 years were consecutive—the dust bowl era.

It is further noted that seven of these 14 years produced an average of less than 5 bushels per acre, 1933, to 1938 and 1940. Of these seven below 5 bushel average, six were consecutive, 1933 to 1938.

From all indications at the present time 1950 will be in the low average bracket of wheat production.

Increase In Money Received on Auto Sales

Randall county collected $16,000 more on the sale of car and truck plates this year than was collected last year according to the April report on collections, which has been made by Collector M. E. Cantrell to the State Highway Department.

The collections so far total $85,770.38 on the 5,249 plates which have been sold this year. At a corresponding date last year, the county had received $68,903 for the sale of plates.

The total sales for the entire year of 1949 were $93,000.

There is a possibility that the cash collected in 1950 will exceed the collections of 1949. Should the wheat crop make a normal yield, following the rain, the sale of tags for wheat trucks will show a great increase.

The increase in plate sales comes in spite of the large number from Precinct 9 who went into Amarillo to buy their plates, and the fact that the collector was not allowed to sell plates to trucks and busses which were operating from outside the state with the terminal in Amarillo.

Mother of Mrs. Hubert Thomson Buried at Portales

Mrs. H. J. Mathis, mother of Mrs. Hubert Thomson of this city, passed away at her home in Portales, New Mexico, on April 8. She had been in ill health for quite some time. Mrs. Mathis was 73 years of age.

Funeral services were held at the Calvary Baptist Church in Portales, N. Mex., on Monday, April 10, at 2:30 p.m. Rev. Richards assisted by Rev. Unhra, conducted the services. Burial was in the Portales Cemetery.

She is survived by her husband and nine children. Three sons, Walter of Portales, N. Mex., Reg of Clovis, N. M., and Brice Mathis of Portales, N. M.; six daughters, Mrs. Lee Reeves of Portales, N. M., Mrs. W. R. Carr of Lufkin, Mrs. Ed Thomas of Houston, Mrs. Hubert Thomson of Canyon, Mrs. Clarence Lovell of Plainview, Mrs. B. B. Eubanks of Clovis, N. M., and twenty-six grandchildren and fifteen great-grandchildren.

1500 Feet of Hose Received Saturday

The city has received 1500 feet of fire hose which was bought two weeks ago before the change in city administration.

The new hose is a part of the fire fighting equipment which goes with the new truck.

Sheffy's Book Is Meeting With Wide Success

There was a brisk sale of books at the News office Monday morning when Timothy Dwight Hobart was placed on sale. This is the new book authored by Dr. L. F. Sheffy of the History Department of West Texas State College.

Mr. Hobart was among the pioneers of the Panhandle area who saw the need of building the museum for the preservation of the early life of the area. He was president of the Panhandle-Plains Historical Society when the museum building was dedicated in 1933, and was an ardent supporter of the association.

Dr. Hattie M. Anderson and Dr. Ima C. Barlow, of the History Department of West Texas, and who gave valuable assistance to Dr. Sheffy in preparing his book, gave an informal tea in honor of the author Sunday afternoon at Randall Hall.

Only 1,000 copies of the book were printed, and the supply is going rapidly over this territory where Mr. Hobart was so well known and deeply appreciated.

Randall County Wins Holstein Honors Plainview

Jones Hales of Randall County was top winner in the recent Plainview Dairy Show, by winning both Grand Champion ribbons.

Senator Grady Hazelwood won the ribbon for the Junior Champion Bull, and Raymond Hinders, Canyon F.F.A. took the Grand Champion prize in the 4-H F.F.A. Holstein Show with the good heifer he purchased from the Wilson Brothers, last fall.

Joe Hales, H. B. Hales, Bennie Abbott, Larry Porter and the Wilson Brothers were other Randall County exhibitors.

Buyers at the Plainview show were Joe V. Hales, Billy Bible, who was the top purchaser of the day in dollars and number, C. T. Retherford and Sons, A. B. Haynes, Jr., Duane Howard of the Canyon High School F.F.A. and C. S. Davenport.

Fifteen out of the forty-two Registered Holstein were brought back into Randall County for foundation stock.

Sale average for the thirty-five females, mostly 16 months, was $386.25, and for the seven bulls, $246.50.

Buyers were from Texas, Oklahoma and New Mexico, and cattle consigned to the sale were from Texas, Oklahoma and Wisconsin.

The sale was sold by Richmond Hales.

Band Concert Scheduled for Friday April 21

The Canyon High School Band Concert, under the direction of Herman Demus, will present its final concert at the Canyon High School Auditorium on Friday evening, April 21, at 7:30 o'clock.

There will be no admission charge and the public is invited to attend.

The concert will feature "Alpine Holiday Overture" one of three numbers the band will play in the regional contest Thursday, April 27 at West Texas State. Also featured will be "The Dream of Olwen" for piano and band. The piano soloist will be Mary Helen Demus, and the clarinet quartet will consist of Charles Miller, Jo Ann Mickey, Patsy Vandergriff, and Joe Dickerson. Three of these students are in the eighth grade and one is in seventh. They will also play "Caprice" by Schlabach.

Mary Jo Tomlinson visited last week end in Roswell, New Mexico.

Dog, Chickens Play Havoc With Gardens, Lawns

The phone has begun to ring, with harassed citizens wanting to know what to do about the stray chickens and dogs.

This is clean up time, and garden time in Canyon. Chickens are straying into gardens and flower beds, doing untold damage to growing vegetation. Stray dogs, always numerous, are digging up yards, carrying bones to their favorite burial grounds, and leaving irate gardeners and flower growers with the feeling that it does not pay to help beautify the town.

While it is against the city ordinance to allow chickens and dogs to run at large, there is only one way to enforce the ordinance. USE YOUR OWN GUN.

Various schemes have been attempted in the past to try to rid the town of these unwanted pests, but killing them off is the only sure way to get rid of the stray chickens and dogs.

Of course your neighbor, the one who allows his chickens and dogs to stay over on your property, will object to having his chickens or dogs killed, but you are within your rights in protecting your property from the destruction of your neighbor's pests.

Bids For Armory for Co. F Expected in The Near Future

Bids for the erection of the new armory for Company F should be let within the coming two weeks stated Capt. Donald Olson, Tuesday.

So far as known there are no further hitches in the way of construction of the armory, as all questions regarding the land seem to have been cleared by the state and the federal governments.

Capt. Olson states that he understands that the federal appropriation for the building will expire on June 30, and therefore expects action on the construction within the coming month.

The armory will be located on a 20-acre tract of land east of the West Texas Gas Co.'s warehouse in the east part of Canyon. The Company is now housed in the American Legion home.

Brother of Late A. W. Sternenberg Died in Dallas

Paul Sternenberg, 66, died Wednesday night at Dallas. He was the youngest brother of the late A. W. Sternenberg, who died last year in Canyon. He was the last survivor of his family.

Mrs. A. W. Sternenberg and Mr. and Mrs. W. W. Sternenberg attended the funeral.

Three Rooms Added To Legion Hall

Three rooms are being added to the American Legion Hall which will be used for the keeper's quarters.

The rooms are being built at the southwest corner of the building, and will make a convenient arrangement for the keeper who has charge of the hall.

Absentee Votes May Be Cast in Congress Race

Absentee ballots are now available at the office of County Clerk T. H. Lair for those who will not be in Randall county on May 6th, date for the special congressional election.

All eleven candidates had made application to County Judge Burney Slack for a place on the special election ballots by Monday morning at 10 o'clock, deadline set by the county judges of the district.

Judge Slack, Mr. Lair and Sheriff M. E. Cantrell had been named as a committee to draw for places in arranging the names. Ben Guill, the lone Republican candidate from Pampa, drew top place among the eleven candidates.

The following will be in the order of names of the candidates on the official ballots of Randall county among the candidates for Congress from the 18th Congressional District:

Ben Guill of Gray County
Altavene Clark of Potter County
LeRoy (Pete) LaMaster of Ochiltree County
J. Blake Timmons of Potter County
Walter Rogers of Gray County
W. T. Pickell of Hutchinson County
Talma Smith of Donley County
Ronald Davis of Childress County
Woodrow Montgomery of Potter County
H. J. Bice of Potter County
E. T. Burk of Potter County

BANK CLOSED

The First National Bank will be closed all day Friday, April 21, in order to commemorate San Jacinto Day.

UNDERWENT OPERATION

Mrs. C. N. Harrison is in Temple where she underwent an operation at Scott & White's She is reported to be improving very nicely.

Norma Jean Tomlinson, who is attending school in Abilene, spent Easter holidays here with her parents, Mr. and Mrs. Floyd Tomlinson.

Census To End During Coming Week Is Goal

The census of Randall county is progressing nicely, stated Mrs. Ruth Gidden, who is in charge of the census of Randall and Deaf Smith counties.

The local census is more than half finished. The enumerators have run into little or no trouble in Canyon, states, Mrs. Gidden, as the people are willing to co-operate. The three enumerators have been working early and late in order to interview all home owners who work and are away from home during the day.

While the enumerators have until May 1st to finish the census, Mrs. Gidden hopes that they will complete their work during the coming week.

The dormitories on the campus are no particular problem as the enumerator assigned to this work has listings of the students in advance, and are interviewing the students late at night when all of them are in their rooms.

Mrs. Gidden hopes that all farmers who have not been listed will get their schedules worked up, ready for the enumerators when they call at their homes.

John McCarty To Speak Here at P-TA Meeting

Parents and teachers of the Parent-Teachers Association will be privileged to hear John McCarty of Amarillo at their regular meeting time on Thursday evening, April 20, at 7:45 o'clock in the High School Cafeteria. His subject will be "Teamwork in the Business World." Special music will be presented by the 8th grade chorus, directed by Miss Lois Elliott.

Following Mr. McCarty's speeach, Mrs. James P. Cornette and Mrs. W. E. Miller will give a report on the District Conference held recently at Dumas.

Hosea Foster Moves Back to Newly Refurnished Office

Hosea Foster has moved back into his newly furnished office. He has officed with the Cunningham Maytag Co. for several weeks while his office was being refinished and new furniture installed.

The office is now the most complete in Canyon, with the installation of modern labor saving materials and devices for the insurance, real estate and loan business.

Stork Specials

Mr. and Mrs. A. Isbell are the parents of a baby boy born on April 14.

A son was born on April 16, to Mr. and Mrs. Noble Brown.

Flying Saucer Is Spotted in Canyon Early Tuesday a.m.

Seen at last over Canyon!

A flying saucer was discovered in the heavens over Canyon early Tuesday morning. A lot of Canyon citizens were aroused from their slumbers and managed to get a glimpse of the phenomenon.

Where the saucer came from, or where it was going is another story, which remains a secret to all who caught a glimpse of the saucer.

College Girl to Join Queen For the Day

The 1950 Treasure Hunt at the Palo Duro State Park will open officially at 5 o'clock Friday afternoon of this week. Before the opening of the Treasure Hunt Shelby Kritser of Amarillo will drop numbered 1950 coins from his plane over the Park area. The Queen for the Day, who will be selected in Hollywood at 1 o'clock Thursday afternoon, will cut the ribbon to start the 1950 Hunt.

More than 1500 valuable prizes have been given by the business firms of Canyon, Hereford and Amarillo. Coins ending in "7" will receive prizes immediately. At designated times during the Treasure Hunt, major prizes will be given in the regular drawing. These drawings will be on the same basis as conducted last year. However, finders of all coins may register them at the Lodge and the holders will get their prices regardless of whether they are present at the drawings.

John McCarty, concessionaire at the Park, announced Tuesday that so many prizes were being added for the annual affair that it would be impossible to publish a list this week.

The program for the opening of the Treasure Hunt follows:

Selection of the Queen for the Day in Hollywood Thursday afternoon. She will arrive in Amarillo by TWA at 8:15 Friday morning.

A luncheon will be served at 11 o'clock Friday, attended by various officials from this section, including the West Texas State Rodeo Queen, Ted Reid, O. W. Parker and Clyde Warwick.

Queen for the Day and her party will go to Hereford for a tea at 2:30 p.m.

A short stop will be made in Canyon before proceeding to the Palo Duro State Park.

Cutting of the ribbon to the entrance of the Park at 5 o'clock by the Queen for the Day, the West Texas State Rodeo Queen, and Park officials.

The Queen's dance will be given at 8:00 o'clock at the Lodge.

The square dance exhibition will be presented by the outstanding teams of the Panhandle.

Saturday will be a full day for the Queen in Canyon. She will return here for the Rodeo parade Saturday morning and will ride in the car which will be given by the Plains Chevrolet Company as the major prize of the Treasure Hunt. Will Rogers Range Riders will escort the Queen to Canyon.

The Queen for the Day will be a guest at the W. T. Rodeo Saturday afternoon.

Mr. McCarty stated that the prizes this year are more numerous and of greater value than the ones given last year. Five trips for two persons will be given to popular vacation spots over the Southwest. A diamond ring this year will be valued at $375; $500 on the purchase of land near Hereford will be another prize; a $250 quarter horse given by Glenn Casey will go to some lucky winner; hundreds of other valuable prizes, consisting of motorcycles; guns; baseball and football season passes; merchandise prizes of all kinds, will be given.

All persons who find coins in the Park area are requested to register them at the Lodge with Mrs. McCarty. If these coins win a prize during the season the holders will be notified.

Mr. McCarty states that coins will be dropped at frequent intervals during the summer. Last year a heavy rain fell on opening day and about 4,000 of the 10,000 coins dropped were never found. He hopes that all of the coins will be found this year.

Altavene Clark Was Here Tuesday In Interest Campaign

ALTAVENE CLARK

Mrs. Altavene Clark of Amarillo was here Tuesday in the interest of her campaign for Congress. She spent the day visiting with friends, and reports that she is meeting with great success in all parts of the district.

Mrs. Clark served under both Marvin Jones and Eugene Worley, and was "acting Congressman" while Worley was in the navy during the war. After 17 years in Washington she feels that she is better qualified to serve the people of the district better than any of the 10 men who are running for the post.

New Family in Canyon Thanks People of City

Please permit us to express our most profound thanks to the Council of Church Women and to the leadership of West Texas State College, through whose protection and care we found our new fatherland and work-contract among kind and helpful people after four years of war in Latvia and five and a half years of sickliness in Germany and in DP Camps.

On our first contact with the U.S. free land, under the kind and careful guidance of Dr. Ples Harper, and Miss Moss Richardson, we are most deeply surprised at the new world's great attainments in material, cultural and social reforms; also, we are much affected by the great attention, heartiness, and care which are presented to us. We are not able to call all the many names of well-wishers, congratulators, and good-willers who have so richly helped with the first necessary things, as well as with the things which are now in Europe comforts and luxuries. We can only thank and plus thank all Canyon people and young people who have so much helped us.

We pray God that He bless each person in Canyon and the New World who understood the difficult situation of the old world DP's, who cannot return to their fatherlands, which have been ravaged by the Russian Communists, who disapprove God, humanity, pity and justice. These DP's languished in the camps of Germany, Austria, France, and Italy without knowledge of their future, their work, and their home.

Most of them have found their new home and fatherland, but some of them are waiting for foods and compassionate hearts. May they also be so glad as we and the others are who have found our new fatherland and new friends.

John Knight Given A Surprise Dinner on Birthday Monday

John Knight, about the youngest pioneer citizen of Randall county, had a birthday Monday and was given a real surprise by his three daughters.

Monday morning Mr. Knight received a birthday card from his youngest daughter, Mrs. Ruth Pearl Word of Denton.

At 10 o'clock the second daughter, Mrs. Drusilla Hicks, arrived from McLean with her husband and a big birthday cake. In a short time in walked the oldest daughter, Mrs. Susie Wederbrook of Hereford. The party came down town for a birthday dinner. After this sumptuous feed the party went to Amarillo.

Mr. Knight penned a note at the bottom that it was his 84th birthday —"Isn't that awful!" he said.

Those who know Mr. Knight believe that it is mighty fine to have lived such a long and useful life and to enjoy every minute of the time. May he enjoy many happy events as this birthday.

Ray Whitcher Was Buried at Dreamland Cemetery Friday

Ray Whitcher, 61, died at the Canyon Home Wednesday after a residence in Canyon of three years.

The funeral was held Friday afternoon at the Griggs-Warren Funeral Home, conducted by Dr. Roy Johnson, pastor of the Baptist Church.

Survivors are his mother, Mrs. Dallas H. Whitcher, two sons, Bob and Donald, of Borger, and one daughter, address unknown.

The deceased was a World War I veteran and member of the American Legion.

T-Anchor Rodeo Will Bring a Large Group of College Stars

Western days come Thursday, Friday and Saturday!

At a faculty meeting Wednesday, the teachers of WT unanimously approved the plans for those three days being designated and declared as official "Western Days." Students are not compelled to dress western but are requested to do so by both the faculty and the Aggie Club.

These Western days will be in conjunction with the Fourth Annual Aggie T-Anchor Rodeo to be held next Friday and Saturday, April 21 and 22.

Rodeo officials have announced the entry fees and have set up their receiving office in the office of Ted Reid, college Veteran Co-ordinator and sponsor of the event.

This will be the first time in the history of the Aggie T-Anchor Rodeo Association that the event will be intercollegiate. This year the two-day rodeo will be under the auspices of the National Intercollegiate Rodeo Association. Entry fees from other schools are due here tomorrow noon. Students from WT, who wish to enter and do not belong to the NIRA, have until next Monday noon to pay their entry fees.

These fees are: $15 for calf-roping, bareback bronc riding, ribbon roping, and bull riding; $10 for saddle bronc riding and bull dogging. There will be a $10 entry fee for each event open to girls. There are two of these this year—clover leaf barrel race and wild cow milking.

The highlight of the big two-day extravaganza will be the tremendous parade down Fourth Avenue from the city square to Buffalo Stadium, the site of the 1950 rodeo. A number of high school bands from neighboring towns have been invited and the rodeo will include the services of the famous Buffalo Band.

NIRA members will be riding and roping for points in the annual all-around cowboy contest sponsored by the national organization, which includes schools all over the southwest, west, northwest, and a few colleges in the middle west. Places won in NIRA approved rodeo give points for that cowboy. The 'poke' with the largest total at the end of the season is the National All-Around Cowboy.

At present Harley May, of Sul Ross, one of the entries in the West Texas rodeo is leading the other NIRA contestants and there seems little chance that anyone can catch him.

Opening the two-day affair will be a giant western dance, one of the biggest of the year, on Thursday night preceding the start of the show. This dance will be held in Burton Gym and will start at 8 o'clock. Highlight of this dance will be the presentation of the 1950 rodeo queen.

EDITORIAL COMMENTS

Congressional Race Is Just About as Clear as Mess of Mud

At the Panhandle Press Association Friday and Saturday, we tried to check sentiment from all parts of the congressional district as to sentiment on the various candidates. We reached the conclusion that the voters are about as muddled about the situation as we are; and are about as uncertain of the results of the race.

In some parts of the district it seems that the Republicans are solidly behind Ben Guill and are hoping to elect him on May 6, and to continue him in office in the November election.

From other parts of the district we hear varied reports as to the support which the candidates are getting. The only real solid support which seems to be thrown for one candidate comes from Ochiltree County where Pete LaMaster is getting a solid community support.

It would seem that the withdrawal of Collins Howard down at Childress in favor of Ranald Davis will have a healthy result so far as Davis is concerned No one could predict as to how far Davis could go in the race.

The hard campaigns being staged by Altavene Clark, Blake Timmons, E. T. Burk and Walter Rogers certainly have a good effect upon their prospects. Who seems to be ahead? No two persons agree.

Talma Smith of Clarendon and H. J. Bice are making personal campaigns, but seem to have no organization. The same is true with the two late comers in the race, W. T. Pickel of Borger and Woodrow Montgomery of Amarillo.

May 6th will roll around before you know it. Study the merits of the various candidates, and then go to the polls and express your preference. When you cast your ballot, keep in mind the fact that this term continues only until January 1st, and that the person elected should stay in Congress for several years in order to accomplish anything worth while for the Panhandle.

Time Running Out on Printers Throughout the Nation

For several years we have been impressed by the fact that the country newspapers were getting into a heck of a shape so far as printers were concerned. The printing industry stands third in the nation as to the number of shops. These shops employ one-third more men than do the automobile industry; and one-half more than all phases of transportation.

There are 89,730 union printers in the nation, and probably as many non-union men. Under the rules of the union only 6,520 apprentices are allowed. It takes six years, under union rules, for an apprentice to become skilled and get his card. This means that only 1,000 apprentices graduate into the craft annually, but more than 1,500 union men in the industry died annually.

The average age in the craft is 50 years, with more old men employed as printers than in any other industry.

Time is running out on the printing industry. If the time should come when the printed word becomes so scarce that it is not available to the average man, the nation will soon deteriorate.

Frankly, the printing profession offers more opportunities to the young man willing to work for his daily bread than any other profession. True he must get his hands dirty, but there are still plenty of soap and water available.

Tourists Must Be Treated Right, to Secure Their Return

Amarillo Jaycees contemplate the plan of keeping committees on all major highways to welcome tourists to Amarillo, and give them information regarding this section.

All local citizens need an education on what we have around Canyon.

What hours does the Museum building stay open? Every person in public life should know this.

What are the facilities for tourists at the Palo Duro State Park? We were told last week that a group of tourists were informed by a service station attendant that if they wanted anything to eat at the Park they must take it with them! For more than a year meals have been served at the Lodge and all kinds of eats are available at the Park! Let's get up to date.

Too many folks do not know about the facilities at Buffalo Lake.

When tourists come along they should be treated courteously. Clerks in the stores; service station operators; postal employes; tourist court and hotel operators; automobile repair men; yes, and every other citizen of Canyon has the opportunity and responsibility to sell Canyon to the tourists.

New commercial signboards have been placed on the highways entering Canyon. Highway signs at various places miles from Canyon would be a good investment.

The tourist business is a big business; but the tourist must be treated courteously and fairly, or he will never come this way again.

Farm income declined last year; if the same thing had happend to business incomes, the air would be filled with lamentations of those who now tell us about the glories of private enterprise.

Educational experts who suggest that competitive examination marks are the sole test of a student's potential development are badly off the trail.

We are not among the Americans who believe that a handful of Communists can overthrow the U. S. government and control the people of the nation.

Life's Follies. People who work hard to get the money and the time to do what they want to do and then find that they have waited too long.

1950, like previous years, finds business men going after the consumers' dollars; one of the best ways is by advertising in can-you-guess what newspaper.

We have a strange and sinking feeling; this week was some-kind-of-week but we forgot to observe it.

Then there's the man who thinks he is a philanthropist because he once gave five dollars to the Red Cross.

You don't have to buy a gold brick to lost your money.

President Wants More Money To Elect Anti-South Congress

Naturally it takes a lot of money to operate any kind of an institution these days. You know the truth of this statement by the amount of money it takes to run your home, or to keep your business going.

The point of discussion is the federal government, and the Democratic party. President Truman is worried about his spending program. Income taxes have declined several billion dollars, due to the seasonable recession, and the fear of the people that will bovernment is driving them into bankruptcy. We all know this story too well.

The second point—the Democratic party:

We have an urgent call from the Democratic party for more money from the Democrats of Randall county. The call says that the money will be spent for the purpose of electing Democratic members to Congress this fall. We wonder where these Democrats will come from and what they will do if they are elected. Frankly we believe that not one penny will be spent in the South. The President has so often made it clear that he can get along without the solid South, by holding together the unrelated and unaffected groups of the North where the money is found and spent.

We do not intend to send the National Committee one penny for this purpose. The President talks about the need of his so-called social reforms (vote catchers) in America, while we appear to be on the brink of war with Russia.

The President vetoed the Kerr bill, which was designed to be of assistance to the independent gas producers of the South; he takes a slap at Texas by trying to steal the tideland oils from the schools of Texas; he would refuse the wildcatters their depletion rights as they spend billions of dollars to expand the oil fields, which will be depleted in a few years; so far as we know he has no or little regard for the welfare of the South unless it will improve his political standing.

If you wish to help elect a Congress which is pledged to be a rubber stamp for such a program, we shall send in your money—but our dollars will not accompany your check.

Newspapers Are Too Modest in Boosting Their Accomplishments

A speaker at the Panhandle Press convention, coming from a distant part of the state, remarked that country newspaper men are too modest. That they were not boasting enough of their newspapers; their service; and their civic accomplishments.

Perhaps that is true. Perhaps the country newspapers are not tooting their own horns as much as they should toot them. Perhaps the readers just take their newspapers for granted instead of trying to help them. Perhaps too many folks just ignore the hard work which goes into every issue, and either refuse to dig up the price of an annual subscription, or bundle up their printing and send it out of town to help build another town instead of helping Canyon grow.

There is not a single institution in Canyon or any other town of the Panhandle as loyal to local institutions as the weekly newspaper. And certainly no institution does as much free work for its community as the newspaper. What does the newspaper get in return for this service? Mostly criticism for not having done more. There are certain citizens who are loyal to local institutions and never pass up the opportunity of boosting their newspaper. If it were not for these fine friends there would be more communities without good newspapers.

Often the tragedy of old age is found in the stubborn refusal of modern business to give an old man a chance to work.

We have no way to tell whether the nation will have a depression or not but, if it does, debts made in an era of easy money will be hard to pay.

People who ride in fast-moving automobiles without brakes must expect to be pulled out of overturned and cracked up vehicles.

There are any number of propagandists in the United States ready to write editorials for an editor willing to print them.

When the U. S. quits framing its policies to convince other people of our good intentions the way will be open to understanding.

Children born in 1950 have a better chance to live than ever before but if they could read what the pessimists are saying they might not want to live.

Control of the high seas will determine the outcome of any war as long as one nation or the other has to transport men and materials in surface ships.

There is a vast difference between the person of importance and the person who thinks himself to be important.

The lesson that ardent gardeners learn is that nature is a tricky assistant in the growing of flowers and vegetables.

No matter what station a man occupies in life, he has several plausible excuses to explain his failure to rise higher.

Hard work makes almost any job easy; backing off, and delaying the start, makes success almost impossible.

The man who squanders much of his money seldom stops to wonder why his wife tries to save spare pennies.

Much of the loose talk that is reported as news would be eliminated if legislators were subject to libel suits.

What Canyon needs is some leaders more interested in Canyon than in publicity and profits.

The individual who expects the world to conform to his or her ideas is doomed to disappointment.

Just to show how much we know about the past, what do you know about life and its ways in 1850?

The experts, we regret to state, are very often almost unanimously in error.

Start Remodeling Speech Building

As a $6,000 remodeling plan gets under way at the speech building, West Texas adds another outstanding and modern building to her campus.

The remodeling, for which plans have been in the process of formation for over a year, started last Wednesday. Completion is expected before the Summer Theater Season in June.

Plans include enlarging the stage from the present 30' by 10' floor size to a 66' by 26' floor space. Space from the stage floor to the gridiron will be 26". The proscenium opening will be 30' wide and 10' high. The stage floor will be ten inches higher than the present height. Across the front of the stage will be a tier of three steps to aid in producing plays of the Shakespearean and intimate theater style.

South of the stage will be occupied by dressing rooms, make-up rooms, general work rooms and rest rooms. There will be enough space back stage for such things as wagon staging and other kinds of staging. Flying scenery will be above the stage. At the north end of the stage a wide door will be built with a loading dock outside to facilitate loading stage equipment for plays to be given in other towns. A small door will be included in the southwest corner.

The door to the courtyard at the north side of the auditorium will be moved so that cokes can be had between acts.

Facilities of every kind will be had for the stage including modern lighting, modern stage arrangements, and stage equipment. A lighting booth to be constructed in front and north of the stage will contain all switches for operating the lights. A window facing the stage will enable those in the lighting booth to control the lights accurately.

Office space will be rearranged because the new stage will take a major part of the old. None of the auditorium arrangement will be changed.

New drapes and curtains will be put on the stage and over the windows in the auditorium.

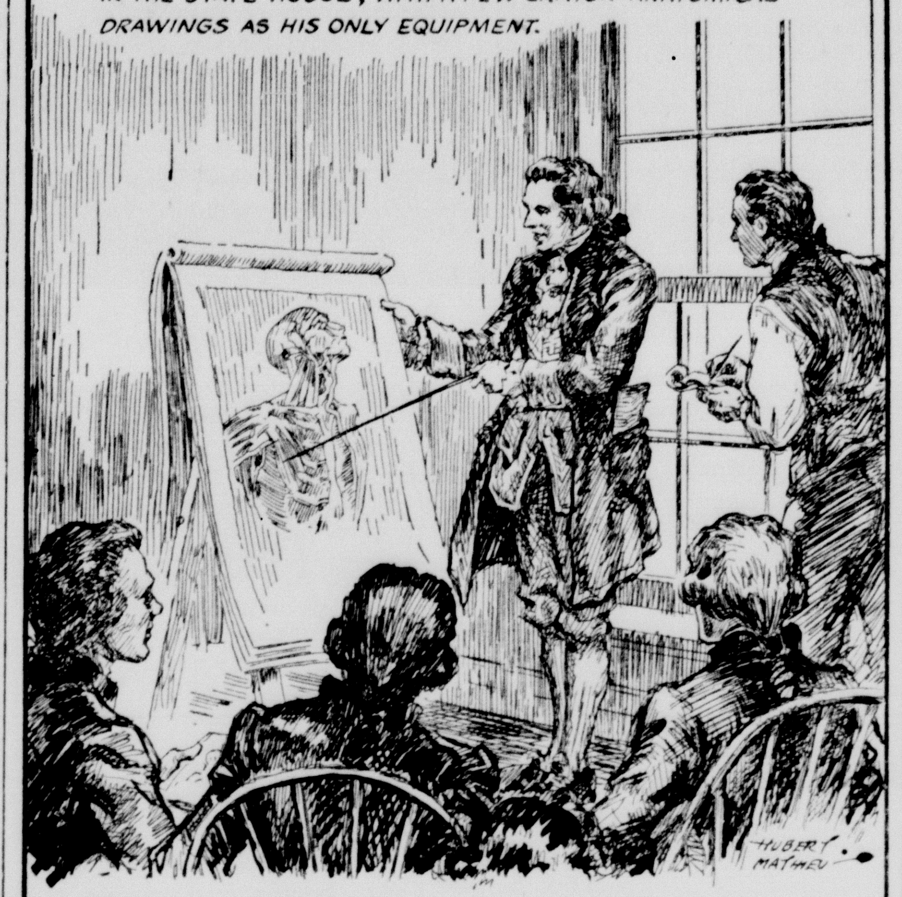
Outside, the entire building will be stuccoed with painted stucco and the roof will have a new coat of multicolored composition roofing. The work is being done by the maintenance department under the supervision of Frank Barnhill, head of the maintenance department.

Plans for the construction were approved last summer but construction was put off until this spring. Wendell Cain, former speech student and new teacher at West Texas, will supervise installation of equipment and act as technical advisor.

OUR DEMOCRACY——by Mat

THE START OF A GREAT TRADITION

OUR FIRST MEDICAL SCHOOL—THE COLLEGE OF PHYSICIANS OF PHILADELPHIA—WAS FOUNDED IN 1762 WHEN WILLIAM SHIPPAN, A SURGEON TRAINED IN ENGLAND, GATHERED 12 STUDENTS TOGETHER FOR MEDICAL LECTURES IN A ROOM IN THE STATE HOUSE, *WITH A FEW CRAYON ANATOMICAL DRAWINGS AS HIS ONLY EQUIPMENT.*



FROM THIS HUMBLE BEGINNING OUR MEDICAL SCHOOLS HERE IN AMERICA, HAVE COME TO BE KNOWN AMONG THE FINEST STAFFED AND BEST EQUIPPED IN THE WORLD... *THE OPPORTUNITIES* THEY OFFER FOR STUDY AND RESEARCH, THE THOROUGHNESS WITH WHICH THEY PREPARE OUR YOUNG MEN AND WOMEN FOR THE MEDICAL PROFESSION ARE BASIC TO THE PROGRESS OF MEDICINE AND THE RESULTING *DRAMATIC INCREASE IN THE SPAN OF LIFE* WHICH HAVE BEEN ACHIEVED IN OUR DEMOCRACY.

Chickenpox Causes Complications In Life of the Child

Has chickenpox come your way? If it has, or if it does come your way in the future, the first thing to do is to call your physician, says Dr. Geo. W. Cox, State Health Officer.

Chickenpox is a common communicable disease caused by a virus. It occurs most frequently in the winter and spring among children less than 15 years of age. The virus is present in the discharges from the mouth and nose and from the small blisters which contain a watery fluid. Chickenpox is very contagious and is probably spread by direct contact with the patient.

Chickenpox begins from about 14 to 21 days after exposure, usually with feverishness and loss of appetite. Within about 24 hours, the skin breaks out in small raised rose-pink spots which change into blisters. The blisters quickly become crusted with scabs which eventually fall off. The scabs are not contagious. Each crop completes its course from rose-pink spot to crust in from two to four days.

Scratching or picking at the blisters may cause serious sores and disfiguring scars. The doctor will probably suggest a remedy to relieve the itching, which may be severe. Usually the child is not very ill and begins to feel better in from one to three days.

Warning—Chickenpox is an entirely different disease from smallpox. But when a person has not been vaccinated, mild smallpox is sometimes mistaken for chickenpox, because the early symptoms are strikingly alike. Smallpox is a serious disease which spreads rapidly among unvaccinated persons.

At the first signs of what appears to be chickenpox, call your physician so that an early diagnosis can be made. If he finds that the patient has smallpox, prompt vaccination may save the other members of the family and others, who have been exposed, from an attack of the disease.

Baptist Revival Well Attended

The revival services at First Baptist Church in Canyon, being conducted by Rev. Lyn Claybrook of Kentucky, are well attended, according to announcement of Pastor Roy L. Johnson. Through Sunday, April 16th, there had been 22 added to the church membership, half of them by profession of faith for Baptism, for Baptists do not baptize any except those who profess to have been saved through their faith in Jesus Christ.

Services will continue through Sunday, April 23rd, with week-day services each afternoon at 2:30 and each night at 7:30. Rev. Claybrook was pastor in Canyon from 1923 to 1928 and led in construction of the church building now being used, and he is delighted at the great growth of the church and of Canyon where he sees great improvement in both the business and residential sections. He is accompanied by Mrs. Claybrook and their youngest daughter, Mary Ann Claybrook, who is enjoying a visit with the young people.

MUSIC ARTS MEMBERS HEAR JANE CAMPBELL

Members of the Music Arts Club met on Monday, April 17, at 7:30, in the home of Mrs. Dan Sanders, with Mrs. Tom Knighton, Jr., as hostess. During the business meeting, plans for a piano program to be presented in May were completed.

Miss Jane Campbell, graduate student in music at the University of Texas, was presented, playing three selections from her senior piano recital: Allegro moderato, from the Haydn Sonata No. 7; and "Assez lent" and "Modere," two waltzes by Ravel. Miss Pauline Brigham discussed various editions of piano works. Mrs. H. A. Brown, accompanied by Mrs. Pies Harper, sang two songs: "Summer Rain," by Willoughby, and "Oh, Love but a Day," by Gilberte.

Following the musical program, Mrs. Newton Harrell showed films made during her recent tour of South America.

Dessert was served to Miss Campbell, Mrs. Knighton, Mrs. Brown, Mrs. Harper, Miss Brigham, Mrs. Harrell, Mrs. L. F. Sheffy, Mrs. Glenn Dowlen, Miss Isabel Robinson, Miss Matilda Gaume, Mrs. H. R. Pulton, Jr., Mrs. Herschel Coffee, Miss Ada V. Clark, Mrs. Joseph Pindley, Miss Marie Pronabarger, and a guest, Mrs. Eduards Paegle.

ZITA CLUB HEARS LECTURE ON CONTROL OF INSECTS

To familiarize the members of the Zita Home Demonstration Club with controls of plant diseases and insects, Miss Lou Ella Patterson, county Home Demonstration agent, gave an interesting lecture to the members when they met in the home of Mrs. Glenn Truax, Tuesday, April 11th.

Miss Patterson stressed the importance of the correct spray and the most effective methods for controlling bagworms, cut worms, leaf hoppers, red spiders, lilac borers, aphids and other sucking bugs. Since this is the time of the year to begin controls, each member was presented with a copy of all information Miss Patterson had presented.

Members present were Mrs. Wayland Angel, Mrs. Baird Delano, Mrs. H. R. Pulton, Sr., Mrs. Forrest Gruver, Mrs. Frank Gruver, Mrs. James Jennings, Mrs. Bailey McCormick, Mrs. E. A. Michael, Mrs. E. A. Olson, Mrs. D. M. Olson, Mrs. A. M. Olson, Mrs H. D. Rose, Mrs. Marshall, Rockwell, Sr., and the hostess, Mrs. Truax.

Mrs. Pelix Pierce visited her mother last week in Floydada.

RABBIT BREEDERS HOLD MEETING MONDAY APRIL 17

Members of the Rabbit Breeders Association, Canyon Chapter, held a regular meeting on Monday evening, April 17.

In a clever quiz conducted by Mr. and Mrs. Kenneth Goodman, members learned that rabbits have both tonsils and appendix, that there are from 75 to 100 different breeds of domestic rabbits, that there are more rabbits in North America than any other country, that rabbits have three eyelids, and other interesting facts on domestic rabbits.

Interest is reported growing in the local club of which Art Chambers is president, and Archie Roberts is secretary-treasurer.

Anyone interested in the club is invited to attend the meetings or contact the above officers of the organization.

MRS. WHITE HOSTESS TO CENTRAL H D CLUB

Mrs. Otto White was hostess to the Central Home Demonstration Club on Friday April 14.

The opening exercise was a "Flower Story" conducted by Mrs. S. R. Hood. This was folliwed by a short business session. An "unusual party," planned by the finance chairman, Mrs. Fred Marshall, will be held in her home on May 6 at 7:30 p.m. All club members are asked to attend and bring their husbands as guests. They are also asked to bring one dozen cookies.

The recreation committee will assist with a tea on May 6 at the High School cafeteria for the 4-H girls Dress Review.

Mrs. Mae Johnson gave an interesting program on "Death Takes No Vacation."

Delicious refreshments of ice cream, cake, nuts and coffee were served to one new member, Mrs. C. I. Danner, and members Mrs. Frank Phillips, Mrs. Velton Sorgee, Mrs. K. E. Hines, Mrs. W. L. Rice, Mrs. Levi Cole, Mrs. Maud Walters, Mrs. George Barker, Mrs. S. L. Terry, Mrs. Mae Johnson, Mrs. P. L. Pitt, Mrs. Fred Marshall, Mrs. S. R. Hood, and the hostess.

The next meeting will be with Mrs. Velton Sorgee on April 28.

Manus Foster left Sunday after spending Easter holidays here with his parents, Mr. and Mrs. D. M. Foster. He is attending the University of Kansas where he is completing work on his Ph.D. degree.

Mr. and Mrs. R. D. Lowery attended the funeral of A. W. Gill in Miami last Friday. The two families were early day friends in the Panhandle.

JOWELL H. D. CLUB HAD SOCIAL FRIDAY

Mrs. Mary Alice Bonds and Mrs. Corinne Montgomery were joint hostesses to members of the Jowell Home Demonstration Club and members of their families in the home of Mrs. Bonds Friday night.

Progressive "42" was played thruout the evening. At the refreshment hour, chicken salad, sandwiches, pickles, potato chips, cookies, coffee and cocoa were served to the following guests:

Mr. and Mrs. J. D. Pruett, Mr. and Mrs. Jozack Byrd, Mrs. Carrie Bonds; and the following members, Mr. and Mrs. E. C. Robinson, Mr. and Mrs. John Robinson, Mr. and Mrs. T. J. Bonds and Kenneth, Mr. and Mrs. Floyd Bonds and Peggy, Mrs. G. J. Bonds, Billy Wayne, Johnnie Faye and Joe Edd, and the hostesses, Mr. and Mrs. Eugene Bonds and children and Mr. and Mrs. Roy Montbomery, Jim, Wynette and Jerry Ann.

Mr. and Mrs. Wayne Wirt and Deborah returned last Tuesday from Chicago, Ill., where he had been attending a refrigeration school for the past two months. They also visited Mrs. Wirt's parents, Mr. and Mrs. Tracy Britt.

Mr. and Mrs. George Vineyard and Scott Thomas of Big Spring visited last week end here in the home of her mother, Mr. and Mrs. George Allen Farlow, and with Mrs. Vineyard's grandparents, Mr. and Mrs. T. C. Thompson.

Stirling Cummings spent Easter Holidays visiting his grandparents at Snyder. He was accompanied home by his grandmother, Mrs. L. F. Stirling who will visit the Cummings family until the latter part of this week.

Mr. and Mrs. T. E. Allen are on their way home from Germany, it was learned here Wednesday in a cablegram received by their son, Max. The Allens have been in Germany over a year.

Visitors last week in the home of Mr. and Mrs. A. L. Keiselbach were her parents, sister, and brother-in-law, Mr. and Mrs. F. N. Harsh, and Mr. and Mrs. F. T. McGinnis and children, all of Hiram, Ohio.

Mrs. Tommie Thompson left Sunday for a few days visit in Childress with her sister, Mrs. Russell Jones, before returning to her home in Austin.

Mr. and Mrs. L. E. Thomas and Mr. and Mrs. W. H. McAtee spent Sunday in Durham, Okla., visiting R. H. Bingham, a brother of Mrs. Thomas, and Mrs. McAtee, who is very ill.

Mr. and Mrs. Floyd Tomlinson attended the funeral of her cousin, Archie Golden, in Meridan last Monday.

Elma Lynn Cummings spent last week end visiting her former room mate from Texas Tech, Jamie Lee Reagan in Amarillo.

Mr. and Mrs. Jack Nunley and Mrs. Lela Nunley have returned from a week's visit with friends and relatives in La Junta, Colorado.

Mr. and Mrs. Harold Conrad of Tipton, Okla., visited last week end in the home of Mr. and Mrs. G. W. Harwood.

Mr. and Mrs. Burney Slack and Harold attended church services in Lubbock Sunday evening.

Mrs. W. S. Myers is in Dallas visiting in the home of one of her daughters.

Mr. and Mrs. A. C. Thompson of Hereford spent last wkeek end in the home of Mrs. B. C. Taylor.

Norway's Hans Bjornstad annexes world ski jumping title.

FTA Honors New Chapter

The newly formed D. A. Shirley Future Teachers of America Club of Canyon High School was guest of the college club at their regular meeting in Cousins Hall Lounge, April 6th.

Presiding over the meeting was Bob Copeland, Wellington senior, and his special guest of the of the evening was Bob Gibson, president of the new Canyon club.

Mrs. Marjorie Roy, Jimie Lewis, Bertha Sheldon, and Mr. and Mrs. Joe E. Wilson.

Steve Davidson, Corinne McCauley, Mitchel Jones, Jr., Jack Cooper, Charlene Reeves, and Jean McManigal related experiences of theirs at the recent state convention which was held on the campus of North Texas State in Denton.

Plans are being made for an area field day to be held sometime in May. Clubs from high schools in the area will be invited and also those high schools which are interested in organizing a club. The college charter and the Canyon High club will work together on this plan.

Local Group Attends Legion Meeting Sunday

A group of American Legion members and their wives, attended the 18th District Meeting held in Pampa on Sunday April 16.

Those going to Pampa were Mr. and Mrs. George Allan Farlow, Mr. and Mrs. Ted Reid, Mrs. Ethel Mullins, Mr. and Mrs. H. E. Campfield, and Mr. and Mrs. Guy Harp. Mrs. Campfield is 18th District President of the American Legion Auxiliary, and Mrs. Farlow was elected the new hospital representative of the 18th District Auxiliary.

Former Pastor In Talk at the Rotary Luncheon Tuesday

Rev. Lyn Claybrook of Oneida, Kentucky, was the speaker Tuesday at the Rotary Club luncheon. He was pastor of the local Baptist Church when the new building was started, and is back to hold a revival service at the Baptist Church.

Rev. Claybrook complimented the people of Canyon for the splendid growth which has been made in the city since he left here in 1928. He pointed to five things which are necessary to build a life worthwhile, the Christian life.

1. Preserve the name of the Father. Taking the name of the Lord in vain is a sin.

2. Regard for the Holy Law of the Father.

3. Faithful in the support of the Holy House of the Father. The speaker complimented the people of Canyon for having built such beautiful and durable churches.

4. Resist the growth of evil in your own home town and in the community. The desecration of the Sabbath Day is a prevailing sin.

5. Serving the Son of God. This is a Christian country, and it must be maintained Christian or the nation will fall.

President Jack Haley presented a 21-year service pin to Allen Farlow for a perfect Rotary attendance since the organization of the Canyon Rotary Club. A 22-year pin was given Arch Hunsley for having maintained a perfect attendance record for 22 years. Arch transferred his membership from Amarillo to Canyon.

Visitors were: Altavene Clark of Amarillo, candidate for Congress; Sheriff M. E. Cantrell, J. J. Walker, both of Canyon; Ed Moore of Los Angeles, Calif.; Frank Milnar and Anthony Milnar of Columbus, Nebr.; Joe Simons of Albuquerque, N. M.; J. E. Bowman, Forrest Barns and Jim McKnight of Amarillo.

How Do They Do It Asks Reader

To The News:

How do they do it? How DO they do it?

These fellows who loaf around Canyon most of their time and allow their wives to make a living for the family!

How do they get by with it?

I have observed several men around Canyon who seldom work, yet they seem to have a little money.

How do they do it?

A Reader.

Here at the bedside of their father and brother, John H. Parker are Clelia Parker of Lubbock, Mr. and Mrs. Curtis Brunson and daughter of Midland, Mr. and Mrs. L. W. Hopper of Brownwood, G. D. Parker and family of Amarillo, and Mr. and Mrs. R. J. Hendrix of Lovington, New Mexico. Mr. Parker suffered a heart attack some ten days ago and has been confined to Neblett Hospital. His condition is reported slightly improved.

Jane Campbell received her B. A. degree from the University of Texas last Tuesday, and was presented in her senior piano recital. Her parents, Mr. and Mrs. Ray Campbell went to Austin to attend their daughter's recital, and Jane returned home with them.

Visitors last week in the home of Mr. and Mrs. E. A. Brown and family were his brother, Mr. and Mrs. Jencil Brown and children of Childress. Ferris Brown of Prescott, Arizona, also visited in the E. A. Brown home during the week end.

Visitors last Saturday in the home of Mrs. Addie Hefner were Mr. and Mrs. O. B. Hefner and Mr. and Mrs. Warren Haynes all of Crosbyton.

Mr. and Mrs. A. B. Berry left Sunday for Kermit where they were called to the bedside of Mr. Berry's father, who is ill.

CITATION BY PUBLICATION OF FINAL ACCOUNT THE STATE OF TEXAS

To Any Sheriff or Any Constable within the State of Texas—Greeting:

Samuel S. Rutledge, administrator of the Estate of N. B. Armstrong, Deceased, having filed in our County Court his Final Account of the condition of the Estate of said N. B. Armstrong, numbered 652 on the Probate Docket of Randall County, together with an application to be discharged from said Administration.

YOU ARE HEREBY COMMANDED, That by publication of this Writ one time and said publication shall not be less than ten days before the return day hereof, in a Newspaper printed in the County of Randall you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper to do so, on Monday the 1st day of May, A. D. 1950, at the Court House of said County, in Canyon, Texas, when said Account and Application will be acted upon by said Court.

GIVEN UNDER MY HAND and seal of said Court, at my office in the City of Canyon of Randall County, Texas this 17th day of April A.D. 1950.

T. H. Lair
Clerk, County Court Randall County.
By Billye Russell, Deputy

I HEREBY CERTIFY that the above and foregoing is a true and correct copy of the Original Wr[illegible]t now in my hands.

GRAVESIDE SERVICES FOR WILSON INFANT

Graveside services for David Anthony Wilson, infant son of Mr. and Mrs. Bob Wilson of Amarillo, were conducted Monday afternoon at 2 o'clock in Llano Cemetery. Rev. Roy Percival, associate pastor of Polk Street Methodist Church.

David Anthony died at 11:30 o'clock Saturday night in St. Anthony's Hospital.

Survivors, other than the parents, include a brother, Robert P. Wilson, Jr., the maternal grandparents, Mr. and Mrs. M. J. Chisholm, and the paternal grandfather, Mr. L. Wilson, all of Amarillo.

Mr. and Mrs. C. G. Pond and sons and Mrs. Pond's mother, Mrs. J. H. Collins, have returned from a ten day trip to Ruidoso, New Mexico and Tucson, Arizona.

Miss Martha Jean Dowd returned to her home in Fort Worth after visiting here during the holidays with her parents, Mr. and Mrs. J. C. Dowd. She was accompanied by Mrs. Bob Dowd who will go on to Waco for a two weeks visit with her parents.

Mr. and Mrs. Fred Walker and Sharon of Huntington Park, Calif., are visiting his parents in Pampa, and Mrs. Walker and Sharon are visiting friends in Canyon. Mrs. Walker is the daughter of Mrs. Ethel Black.

Mr. and Mrs. E. T. Cummings spent Easter Sunday visiting his parents, Mr. and Mrs. A. S. Cummings of Floydada.

Spending Rate Comes in For Vast Criticism

Wars and threats of wars, revolutions and saber-rattlings, continue to dominate the headlines. On the domestic side, most of the attention is given to what Congress is doing and saying, and to the political maneuverings of the men in power and the men who hope to rise to power. No one minimizes the importance of these matters, which may mean the difference between life and death and freedom and tyranny for hundreds of millions of people. However, due to their powerful dramatic qualities, they have served to obscure a problem which is directly related to our national security and our economic well-being, and which is causing the gravest concern among business leaders, government officials, and economists of all shades of opinion. That problem is the present monetary and fiscal policy of the Federal government, and, more particularly, of the Truman Administration.

A rather typical view was expressed by the vice-president of one of the leading banks of Utah. He said that when, on August 4 of last year, this country returned to deficit financing in spite of full employment, high national income and maximum production, the event "could be referred to as a day of fiscal insanity leading to national suicide." Then he added: "Every free institution in this great country should have exhibited the flag at half-mast on that occasion."

There has been much concern over the rather amazing fact that the President's Council of Economic Advisers, in its latest economic report, did not deal with how to manage the national debt. This was emphasized in an address by Edwin G. Nourse, who once headed the Council but resigned because of disagreement with Administration policies. Referring to the argument that current policy provides a sound basis for economic growth and budgetary balance in the next few years, Dr. Nourse said, "I cannot quite buy this attractive package. It seems to rust upon the assumption that a vigorous rate of economic growth is inherent in our business system no matter what you do to it, and to overlook quite discernible impediments to that rate of progress which are injected by the proposed economic and fiscal program itself." He warned that the rising national debt resulting from government spending beyond income "contains 'possibilities of accelerating inflation or a rising uncertainty as to the stability of the dollar itself.'" And he said it was amazing that the Council's report, purported "to be a serious economic document," had nothing to say about the problem of management of the national debt.

In one of his Newsweek columns, Henry Hazlitt disputes Mr. Truman's arguments to the effect that our present rate of spending is necessary in the interest of prosperity, an expanding economy, high employment, and the public welfare. Indeed, in Mr. Hazlitt's view, Mr. Truman is exactly 100 per cent wrong. He wrote, "Mr. Truman's bouquet of fallacies stems from looking solely at what the expenditures do or appear to do for those to whom they are given. He forgets that a government cannot give anything to Paul without taking it from Peter. In brief, he completely forgets the American taxpayer. . . . What is most ominous is that the President no longer seems to consider deficits anything to worry about. . . . Mr. Truman and his advisers seem to believe that they can keep a perpetual boom going by perpetual deficit financing and perpetual inflation. And that belief, as experience shows, has always ended in disillusion and disaster."

Opinions of this nature could be quoted almost ad infinitum. In some quarters, it is now felt that the solution of runaway debt, and the possibility of extreme inflation, lies in a return to the gold standard, under which currency would be redeemed in gold coin on demand by the owner. This has been urged by the National Chairman of the Gold Standard League of America, among others. In his view, "When we have redeemability . . . there is a check on deficit spending. People see it going on, and knowing full well that it is possible only by issuance of bonds and paper money which add to the supply of money and credit, diluting the value of it, prefer to redeem some of the paper currency in gold and gold coins, in which they have well-founded confidence. That lights up the danger signals all over the country, telling Congress to go slow, to authorize only expenditures to a total within the amount which the people will and can pay in taxes."

The difficulties involved in avoiding deficit financing, and in returning to a gold standard, are, of course, very great. Mr. Truman and his principal advisors are apparently convinced that a return to a balanced budget, along with substantial cuts in Federal spending, is neither practical nor desirable for several years to come. The whole weight of the Administration is now solidly behind his budgetary proposals, and his deficit theories. Those who oppose those theories probably agree with the view expressed by the First National Bank of Boston when it said, in one of its publications, "The only hope for preserving national solvency is an aroused and informed public that is determined to safeguard our national security against the unwitting assaults from within."

REST COTTAGE SCENE BIBLE CLASS LUNCHEON

On Wednesday, April 12, the Woman's Wesley Bible Class met at Rest Cottabe, the home of Miss Mary Moss Richardson, for its monthly covered dish luncheon. One singular feature about these luncheons, is that without previous arrangement, the dishes brought are always varied enough to form a balanced meal. Only once in Canyon church history is it recorded that all brought potato salad, and at that one, merriment provided the condiment.

Three guests attended, Mrs. Sylvia Crouch of Riverside, California, sister of Mrs. J. A. Wiseman; Mrs. Annie P. McKnight of Marshall, visitor at Rest Cottage; Mrs. O. G. Steen, neighbor and friend of those present.

Others present were Mrs. Wiseman, Miss Sallie McGehee, Mrs. C. Schuman, Mrs. L. L. Gore, Mrs. Hattie Brasuel and the hostess.

Calls were made during the afternoon by Mrs. Dale Killingsworth, and her young daughter Sherry, Mrs. Roy L. Johnson, Mrs. Lyn Claybrook and her daughter Mary Ann, of Oneida, Kentucky, Miss Joyce Hill, and Mrs. Wayne Bassett, Dzintris Rolands Paegle, Marshall Jones and Eugene Hill.

CENTERVIEW CLUB MET APRIL 7 AT WESLEY HOME

Members of the Centerview Home Demonstration Club met Friday, April 7, in the home of Mrs. G. E. Wesley in an all day meeting for a quilting and the regular club meeting with twelve members and four visitors present.

Miss Lou Ella Patterson, gave a demonstration on the prevention of insect pests. She listed and described several remedies for the killing of these pests. She demonstrated several kinds of sprays available for use in the fight against the control of insect pests.

The club is giving a bedspread away in the near future. The badspread has been made by members of the club.

Refreshments of peaches, whipped cream topped with a cherry, and punch was served to Mrs. Clayton Devin, Mrs. John Patterson, Mrs. Sam Bryan, Mrs. A. E. Wise, LaVena Amerson, Mrs. J. W. Wesley, Mrs. T. J. Myers, Mrs. Charlie Sutton, Mrs. Hollis Shipman, Mrs. Georgia Rogers, Miss Lou Ella Patterson, Mrs. Joe B. Wise and the visitors, Mrs. Sam Adams, Mrs. H. C. Evans, Mrs. Charles Wesley, and Vesta Amerson.

The next club meeting will be held on April 21 in the home of Mrs. Serena Bryan.

RUPTURE

SHIELD-EXPERT, L. H. HOFFMAN of Minneapolis, Minn., will demonstrate, without charge his "Rupture Shields" in

AMARILLO — HOTEL AMARILLO, Thursday, April 27

From 10 A. M. to 3 P. M. Please come early. Mr. Hoffman says:

"I have specialized in the field of Rupture Correction since 1928 and personally fitted well over ten thousand cases. When skillfully done most Rupture openings will contract in a short time. Above all you can go to work immediately without fear of pain. There are many of my satisfied customers right here in this community.
Special lady attendant for WOMEN and CHILDREN. Ask for Mrs. Hoffmann."
CAUTION: If neglected, rupture may cause weakness, backache, nervousness, stomach and gas pains. People having large ruptures, which have returned after surgical operations or injection treatments, are especially invited. "If you want it done right, don't experiment. See HOFFMANN."
If unable to see him at this time address:

Arrow Electric Company Gives Complete Service

Knowing that absolute dependability, honest and reasonable prices will be quoted those in this area seeking the services for an electric contractor for industrial, commercial or residential work, Arrow Electric Co., 3107 Taylor in Amarillo have gained a most enviable reputation.

This popular concern was established by its owner Otto L. Pitt in 1939 and the past eleven years have seen it grow from its modest inception to the commanding position it now holds in the electrical construction field in the Panhandle.

Arrow's slogan is "We Keep Your Lights Burning and Your Wheels Turning." Many of the larger industrial electrical installations as well as lighting systems in the larger merchandising establishments have been made by Arrow Electric Co. They have been the choice of many of the larger general contractors, subdividers and builders of prefabricated homes to do the electrical work for them because they maintain a complete electrical engineering department as well as a staff of thoroughly experienced electricians. Each job is closely supervised and the builder knows that Otto L. Pitt sees that only the very best material is used and that plans and specifications are followed to the letter. The charges made by Arrow are always reasonable and in line with their quality electrical installations.

To our readers who are contemplating any type of electrical work in connection with building or remodeling Otto L. Pitt or Arrow Electric Co. in Amarillo will be pleased to furnish estimates and consult you on your electrical installation problems. We commend Mr. Pitt and his company on their outstanding record.

Pantex Specialize In Excavation

Rendering a complete excavation service including all types of excavation for construction such as basements, driveways, leveling and ditching, the Pantex Plumbing & Heating Co., located at 1714 Johnson in Amarillo are rapidly becoming leaders in their field for the reason that they have the "know how" acquired by long experience, plus the most modern equipment. Many of the general contractors have found that it is far more economical to sublet the excavation end of a construction job to Pantex than to do it themselves, not only because they are specialists in their line but it saves the cost of the expensive equipment, supervision and the work is actually accomplished in less time.

Of special interest to those engaged in farming, Gordon Novak in charge of the Excavation Department of Pantex Plumbing & Heating Co. has made it possible for them to obtain terracing to prevent soil erosion and a complete irrigation service as far as ditching, leveling and preparation of the land is concerned. This aggressive concern is always glad to discuss irrigation, terracing or any other earth moving work with prospective customers. Their long experience and successful record in this line enables them to give good advice and many ideas that, if followed, will save considerable money and result in a more satisfactory job. Those who have used the services of Pantex are highly pleased with the good service but also with the reasonable charges and their friendly attitude.

This area is indeed fortunate to have such an outstanding excavating and earth moving contractor to call upon and we hope that they will continue to serve our people for many years to come.

Franklin Serums Prevent Livestock Losses

The advancement made in scientific research in the field of veterinary medicine has kept abreast with the progress of all other fields in the sciences. Much of this advancement may be credited to O. M. Franklin Serum Co. whose operations are international in scope. In Amarillo this company maintains a branch office and laboratory in charge of Hall Medford.

Research and experience has proven that certain practices greatly reduce the risk of loss in handling livestock. O. M. Franklin Serum Company manufacture a wide variety of such products needed in such practices and they make every effort to merit the continued confidence and patronage of their many friends in the livestock industry. Their constant aim is to supply dependable products of high standard quality at the lowest consistent price and render prompt and courteous service. Our readers may rely implicitly upon any merchandise obtained from them and if it for any reason should not give satisfaction, you are at liberty to return it. They invite inquiries regarding various problems and will gladly send their latest catalog on vaccines and supplies which not only lists and describes the products sold but contains much valuable information to the stockman.

Franklin vaccines and medicines are on sale at Drug Store Agencies in practically every trading center throughout the western half of the United States.

We take the opportunity in this review edition of our paper to compliment O. M. Franklin Serum Co. on their outstanding accomplishments and the great service that they have rendered the ranchmen and farmers of the nation and particularly to point out to our readers the good service and courteous treatment rendered the Panhandle by Hall Medford, manager of Franklin's branch at 215 Taylor in Amarillo.

Childress Woman Heads District Parent-Teachers

MRS. ORVILLE K. SMITH

Mrs. Orville K. Smith of Childress, an ex-student of West Texas State, was elected to head the district organization of the Parent-Teachers Association, at the recent district meeting held April 11-12 at Dumas.

Mrs. Crews Henry of Canyon was re-elected district public relations officers and Mrs. W. E. Miller of Canyon was chosen for the position of District Historian.

Those attending from Canyon were Mrs. Henry, Mrs. Miller, Mrs. R. E. Ball, Mrs. Ed Weeks, Mrs. E J. Cundiff, Mrs. Burney Slack, Mrs. L. S. Johnston, and Mrs. E. D. Harrell.

Childress was chosen as the convention city for 1951.

Talma L. Smith Was Here on Thursday

Talma L. Smith of Clarendon was in Canyon Thursday afternoon visiting with the voters. He has been in Washington for 20 years, working in the office of both Marvin Jones and Eugene Worley while they were the Congressmen from this district.

Mr. Smith is a candidate for Congress and reports that he is meeting with support in all parts of the 18th Congressional District.

AT STROUD HOME

Jeb Stroud of Shreveport, La., was here last week visiting in the home of his grandparents, Mr. and Mrs. W. H. Stroud. Jeb's mother, Mrs. H. O. Stroud was called to Miami due to the illness of her father, A. W. Gill who passed away April 12. Funeral services were held in Miami April 14. Major H. O. Stroud came to Miami for the funeral and returned Sunday to Shreveport. Mrs. Stroud and Jeb are spending a short time in Miami with her mother.

Mr. and Mrs. J. W. Kleinschmidt returned Thursday from California where they visited in the home of their daughter, Mrs. Jean Didier.

Mr. and Mrs. W. C. Lindsey of Happy were Sunday dinner guests in the home of Mrs. Ruth Hill and family.

TSTA Members Hear Dr. Hill Discuss UN Work

Settlement of some of the world's most controversial questions is due in no small part to the work of the United Nations," Dr. J. A. Hill declared in an address before the Randall County Unit of TSTA last Thursday evening.

These questions include the blockade of Berlin by the Russians, the war in Palestine, and the revolt of the colonists from Holland. In addition to that important work, the United Nations is constantly endeavoring to better all disturbing situations before them at this time.

In the business meeting which followed Dr. Hill's address, the following officers were elected to head the unit next year. They are: James E. Miller, president; Miss Jean Moore, vice-president; Mrs. Irene C. Ball, secretary; and Kenneth Cox, treasurer.

The members adopted a constitution that had been written and presented by a constitutional committee. The constitution will be forwarded to the TSTA headquarters for final approval which will entitle the unit to full standing with TSTA.

Mr. and Mrs. A. S. Milnar and son, Frank, and daughter, Mrs. Clare Miller, all of Columbus, Nebr., arrived Monday to visit at the home of another son, Cliff Milnar.

News Force Attends 41st Convention of Panhandle Press

The Canyon News office was closed Friday and Saturday for the 41st Annual Convention of the Panhandle Press Association.

All members of the force took two days off and attended the convention.

Dan K. Usery, linotype operator, was a member of the panel which conducted the mechanical clinic on Saturday morning.

The News force is snowed under this week as a result of having taken the two days off.

Mr. and Mrs. Tom Rambo of the Hale Center American and Mr. and Mrs. Eddie Warren of the Post News-Dispatch stopped Saturday evening on their way home to look over the News plant and to admire the splendid facilities of this newspaper.

Mr. and Mrs. Wes Kleinschmidt returned last Wednesday from Huntington Park, Calif., where they visited with their daughter and son-in-law Mr. and Mrs. F. Don Didier. Mr. Didier has recently accepted a position as geologist with the Atlantic Oil Company of Los Angeles, Calif.

Newman Club Plans Showing Of All-Star Film

The Newman Club of West Texas State, a Catholic Student organization, has made arrangements with Christophers Inc., to present the film "You Can Change The World," here April 26. Starring in the film are such notables as Eddie "Rochester" Anderson, Jack Benny, Ann Blythe, Bing Crosby, Paul Douglas, Irene Dunne, Bob Hope, William Holden and Loretta Young. The film was directed by Leo McCarey of "Going My Way" fame.

The thirty-minute feature is based on the best seller by the same title, written by Reverend James Keller. The book has also become the foundation for the Christopher Movement, a non-sectarian, non-dues paying organization with membership spread open to all creeds and races.

This movement is spreading all over the country and it is believed to be the best effort to date conceived to bring about a greater share of responsibility by all the people who want to make the world a better place in which to live. Anyone desiring information on the Christopher Movement should drop a card to: The Christophers, 18 East 48th Street, New York 17, New York.

The film was shot in one of the major studios in Hollywood and those stars already listed appear in the production. These characters come from Catholic, Protestant and Jewish faiths. These stars donated their services to the Movement and have joined in the non-profit organization.

Dodds, Princeton president, decries college sports subsidies.

Artisans Make Homes More Beautiful

The interior decorating field is highly specialized and a service that means so much to the beauty and taste of the modern home. In these modern times the wise home owners avail themselves of the counseling service on home decorations such as that offered by Artisan Furniture Manufacturing and upholstering Co., 2920 W. 6th in Amarillo.

Our community is most fortunate in having such a complete upholstering, drapery and slip-cover service specializing in those things that make the home attractive because of complete harmony of the furnishings, walls and accessories. The Artisan counseling service is so well known that many of their customers are from towns, cities and communities several hundred miles from Amarillo, because they offer a complete upholstering service featuring hundreds of different patterns in fabrics. The selection of materials for slip-covers and matching or harmonizing drapes is one of the most complete in the Southwest. There is such a difference in slip covers and drapes that are made special and the cost over the ready-made and ill fitting ones is very little compared with the added taste, beauty and wearing qualities.

The next time you are in Amarillo be sure to drop into Artisan Furniture Manuracturing and Upholstering Co. and see the many new patterns in fabrics for reupholstering your divan or that favorite chair and matching and harmonizing patterns for new drapes and slip covers that will make your home the attractive place that you want it to be.

J. W. Marsh Builder of Ability

A substantial contributor to the progress of this area, J. W. Marsh general building contractor, has established a well-deserved reputation for dependability and efficiency in all types of construction work. For those interested in either commercial or residential work J. W. Marsh of 609 Mississippi in Amarillo will be found to be a top ranking contractor.

Through the diligent adherence to those factors requisite to the successful operation of a construction business Mr. Marsh has established his concern as a virtual headquarters for matters pertaining to building. By careful organization of the various craftsmen and sub-contracting groups he has formed a smooth running building operation from the architect's plans to the completed structure.

Those who have enjoyed the above board methods and valuable services recognize him for his friendly attitude. Whether the contract is established on a fixed fee or cost-plus basis the client may always be assured of the highest quality work at the lowest possible price consistent with quality.

It has always been the policy of Mr. Marsh to provide his prospective builders with friendly advice and guidance on the complicated matters peculiar to this business and no other business service is more directly related to the favorable development of our district. We compliment J. W. Marsh on his accomplishments in the contracting field and to our readers who are contemplating a construction program recommend this outstanding Amarillo contractor to them.

Barnard Tile Co. Do Modern Work

Both in the designing of new buildings, both residential and commercial, as well as remodeling plans call for the use of tile in kitchens, bath rooms, porches, mantels and store fronts. Barnard Tile Co., 1606 Western in Amarillo, genuine clay tile contractors, have been called upon, because of their experience and reliability to do the tile work on a large number of the construction jobs in this area.

The Barnard organization have made an enviable reputation in their field because they see to it that only the very best genuine clay tile is used and their craftsmen are thoroughly experienced and able to carry out the plans in every detail.

The use of genuine clay tile has become popular because of its attractive appearance for the life of the structure and also because it is fireproof, does not require painting and easy to keep clean.

Barnard Tile Co. gladly furnish estimates and because of their wide experience are able to advise prospective builders on the type and color tile most suitable for the specific purpose. If a building or remodeling job is contemplated and the use of tile has been overlooked, consult the Barnard Tile Co. and see how economical enuine clay tile can be installed in your kitchen, bathroom or mantel. Should you be contemplating the remodeling of your store or commercial building a tile front would be a wise decision and Barnard will gladly take care of the details.

We wish to compliment Barnard Tile Co. on the completeness of their service and the good record that they have made.

GUINEA-PIG!

The newly wed Mrs. Tucker was out in the yard, working on her flowerbeds, when a neighbor passed and glimpsed Mr. Tucker occupied in cleaning up the living room.

"Well Mary," the passerby remarked. "I see you're getting him started off right."

"Oh, it's just an experiment," the newly-wed rejoinned "I'm trying to find out if it's true that a new groom sweeps clean!"

BLIGHT ON FAMILY TREE

"Have any of your family connections ever been traced?"

"Yes, they traced an uncle of mine as far as Colorado once."

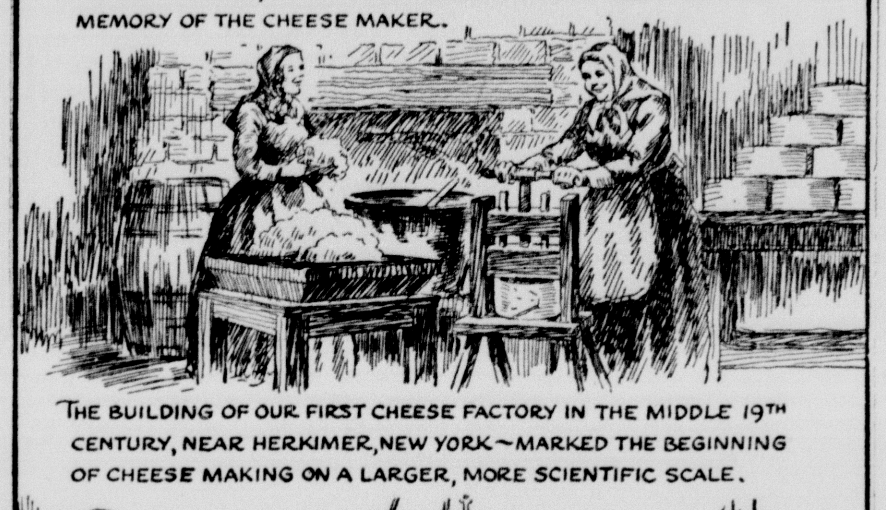
Robert James McCracken, preacher: "The world is not perishing for the want of clever, or talented, or well-meaning men."

AFL farm union plans a national organizing drive.

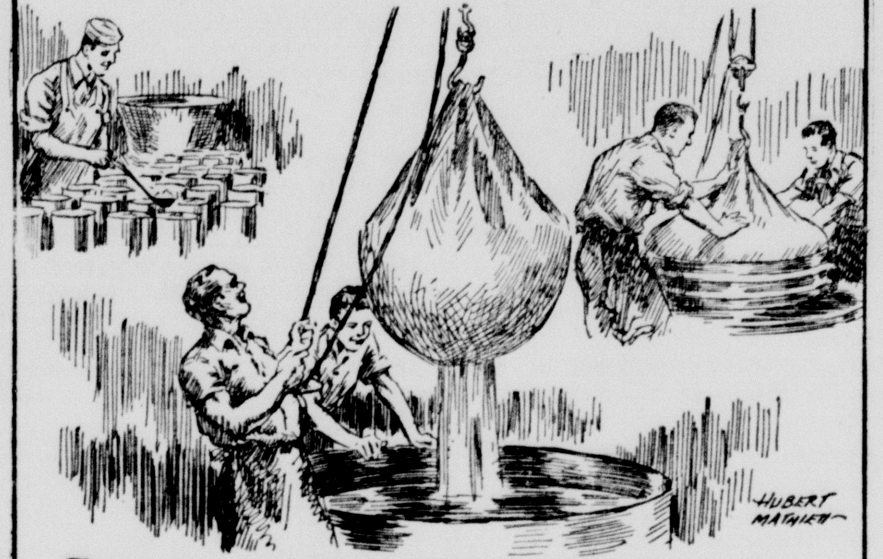
OUR DEMOCRACY——by Mat

AMERICAN INGENUITY CREATES AN INDUSTRY

CHEESE-MAKING STARTED IN AMERICA WHEN PEOPLE, COMING FROM FOREIGN LANDS, BROUGHT WITH THEM METHODS OF MAKING THEIR FAVORITE CHEESES... MADE ON THE FARM, EACH TYPE LIMITED TO ITS OWN LOCALE, THE ART WAS DEPENDENT ON THE SKILL AND MEMORY OF THE CHEESE MAKER.



THE BUILDING OF OUR FIRST CHEESE FACTORY IN THE MIDDLE 19TH CENTURY, NEAR HERKIMER, NEW YORK~MARKED THE BEGINNING OF CHEESE MAKING ON A LARGER, MORE SCIENTIFIC SCALE.



TODAY, THROUGH AMERICAN INGENUITY AND RESEARCH, ALL TYPES OF FINE CHEESE ARE PRODUCED HERE FOR THE NATIONAL MARKET... WHAT BEGAN AS A HOUSEWIFE'S SPECIALTY HAS BECOME, WITHIN A FEW GENERATIONS, A GREAT INDUSTRY—

GROWTH, CHARACTERISTIC OF OUR DEMOCRACY.

Van Doran Bri-Tico Company Leading Masonry Contractor

Throughout this area the name of Van Doran Bri-Tico Co., located at 4215 W. 10th in Amarillo has been connected with the structural tile and brick work on some of the largest construction jobs as well as coutless numbers of residences and remodeling of other buildings. Not only has L. E. Van Doran and his company seen the rapid growth of Amarillo and the entire trade area, but the fact that Van Doran Bri-Tico Co. have actually been responsible for much of the brick, tile, stone and glass block work is a standing recommendation of their ability and popularity in the construction field.

General contractors as well as individuals know that when Van Doran has been given the masonry construction on any building job that not only will the material used stand up under every test but the actual work will be done by experienced craftsmen and supervised at all times by Mr. Van Doran. Satisfaction thus ensues at the completion of each job and is directly responsible for the splendid reputation that L. E. Van Doran and his organization enjoy today.

This masonry contractor is willing at all times to make estimates and give good sound construction advice based on his long experience to those who contemplate building a modest home or a large commercial building.

We compliment Van Doran Bri-Tico Co. on their splendid record in the masonry contracting field and wish for them continued success.

BIG TURN OVER

"The average woman has a vocabulary of only 1,800 words." It is very small, but think of the turnover.

Help Keep Canyon Clean!

Eads Hide & Wool Co. Asset to Area

While the death of livestock is a thing always to be regretted, an immediate removal should be accomplished at the earliest possible moment. No matter how far from town you may live you need only to inform Eads Hide & Wool Company by calling Amarillo 2-6521 collect and dismiss the matter from your mind. This firm has won the confidence and support of many farmers and stockmen throughout this section by promptness exercised in the responding to calls, having not only the most modern large trucks for the removal of carcasses, but the most dependable.

There are at the present time only two safe ways of disposing of dead animals, namely cremating and rendering. Of the two, rendering is to be commended, for it is not only the most sanitary way of disposing of the carcass, but it is the best from a commercial standpoint, for modern firms like this one transport all dead animals and utilize every portion of the carcass.

The Eads Hide & Wool Co. also know as the Amarillo Rendering Co., pay all telephone charges and we urge our readers that when in need of service of an efficient company of this kind they call Amarillo 2-6521.

We recommend this firm and its management for a fine record of service to our livestock men and trust they will continue to serve us in the future as they have in the past.

THE BORROWER

The neighborhood borrower approached Mr. Smith Sunday noon and inquired:

"Say Smith, are you using your lawnmower this afternoon?"

"Yes, I am," Smith replied warily.

"Fine. Then you won't be wanting your golf clubs—I'll just borrow them".

CULINARY PROGRESS

The Army has developed a pill that will combat hunger by destroying the appetite. This, we suppose, is an improvement over the old days when Army chow could do the same thing.

LIMITED RANGE

"Oh, Doctor, I'm so upset," said the woman. "My husband seems to be wandering in his mind."

"Don't let that worry you," replied the doctor. "I know your husband—he can't go far.

Eagle Trackmen Place Third In District 1-A Track, Field Events

First Garnered By Ray Burrus, Landon Barrett

The Canyon tracksters ran a close third in the district 1-A track meet at Buffalo Stadium Saturday.

Phillips was first with 41½ points, Dalhart compiled 36 for runner-up barely ahead of Canyon with 34.

Robert McClendon was second in the 100 yard dash (winning time was 10.3 seconds) and fourth in the 220 (winning time, 23.1 seconds).

Jerry Harding placed third in the 880 (time, 2:12.1 seconds).

Burrus First

Ray Burrus placed first in the discus throw with 120 feet 4 inches and fourth in the shot put. Leo Erwin won second in the shot put with a heave of 38 feet, 8½ inches. First place was 39 feet, 1 inch.

Harrell Slack and Joe Abbott were among six contestants that tied for third and fourth at 5'4".

Abbott placed second in the broad jump with 19' 2½" and landon Barrett was third with 19' ½".

Barret in Vaulting

Landon Barrett won a first for Canyon in the vaulting at ten feet. Abbott and Bob Hardaway tied for third and fourth at nine feet.

Jim Wooten, Canyon's miler, was ill and could not contend or he might have picked up valuable points in that event.

Canyon's mile relay team, Norris Root, Richmond Payne, Abbott and Harding placed third, (winning time was 3:48.9). The 440 team was second. Slack, Erwin, McClendon and Payne. (Time was 47 seconds).

ARE YOU A PARASITE?

In almost every class some student or students call upon a more thoughtful student, who brings his own materials, to borrow paper, pen or pencil every day.

One sheet of paper or a pencil would not be a hardship on a generous lender; but when sheet after sheet is loaned day after day and never returned, the cost mounts steadily. Many students coming from poor homes find it a hardship to supply their friends in addition to themselves. Those from wealthier homes begin to resent the thoughtlessness of the habitual borrower. Is it fair for a few students to live off the rest?

Stinginess and thoughtlessness are causes for borrowing.

Parasites live off other plants; borrowers live off other human beings. Are you a parasite?

Grade Notes

A birthday party honoring Peggy Sue Hales given by her mother, Mrs. Joe Vern Hales, highlighted the activities in Mrs. Collins' first grade last week. After playing games, the children were served refreshments of birthday cake and cheerios Favors of celluloid windmills on sticks added a "bit o' spice" to the party.

The class has enjoyed the Easter lilies given them by the different mothers.

Both first grades have started a study of birds. They are watching for strange birds and studying their feeding and nesting habits. Also, they are learning to entertain our little feathered friends so they will stay with us.

Eugene Hansford of Mrs. Black's first grade has withdrawn from this class and moved to Albuquerque.

Nikki Cabe of Mrs. Roscoe Davis' second grade visited her grandparents in Abilene over the weekend.

The children in Mrs. Murrell's second grade have started their study of birds. They are drawing pictures and memorizing bird poems.

Ferman Kelso of Tulia is a new pupil in Mrs. Usery's third grade.

Pat Pond was absent from Mrs. Goodman's third class while on a trip to Arizona.

Mrs. Usery's third grade visited Mrs. Brasher's fourth grade nature study club to observe the duties of the presiding officers. Mrs. Brasher's students who are in the band played a few numbers for the meeting.

The "bird fever" has taken the grade school by storm. In Mrs. Cousins' fourth grade the Better Reading Club has taken up a study of birds. They are drawing bird pictures for the frames they have made from paper mache.

They are also beginning a health unit in which they are using health readers that they have received.

A new pupil in Mrs. Walsh's fifth grade is Julia Kelso from Tulia.

Mary Ann Shellnutt has been absent from this class for a week due to illness.

"Double or Nothing" was played by Mrs. Jones' fifth graders in a class program last week. Christine Sikes was the "quiz mistress."

A toy dog, which was the prize for answering the jack-pot question, was won by Carol Lee McCarter.

Annette Myers of this class is in the hospital.

Senior Class Will Sponsor Activities

Fun a-plenty and entertainment plus are what the Seniors are planning to dish out at a box supper, April 27, and a basketball game between the Senior boys and the Lions Club, April 29. With the presentation of these star-studded events, the class hopes to earn some much needed moola (money to you) to finance the annual Senior trip.

Gobs of talent are sure to provide a spectacle well worth seeing at the Amateur Show which will precede the box supper in the Canyon High School Auditorium, 7:30 p. m.

Girls will bring the boxes (filled with delicious, mouth-watering food, naturally) and boys will bring the money with which to purchase them.

Prizes will be given for the best performances at the Amateur Show, and those who wish to participate are requested to report to T. L. Devin, sponsor of the Senior Class, as promptly as possible.

Also of considerable merit and quality is the basketball game between the Senior boys and the Lions Club which will be held in the Grade School Gym, at 8:00 p. m.

The thrill packed quarters will last for five exciting minutes and during the twenty minute half, the Lions Club will furnish entertainment which promises to be slightly on the hilarious side. Among those in the impressive line-up for the Lions Club are Clark Jarnagin, Billy Sternenberg, Otis Crowell, Hayden Weaver, and Borden Price.

Homemakers Give Formal Luncheons

Both Homemaking II sections prepared company dinners, which were served formal style, Wednesday and Thursday in the dining room of the department.

Centerpieces of various colored tulips and white tapers adorned the white Damask covered tables.

Guests for the first section were: Mrs. Cecil Simms, Mrs. A. K. Knott, Dr. Ima Jacks, and Mrs. Bud Graham. The menu for the four course dinner was as follows: Chilled grapefruit juice cocktail, vegetable salad and cheese balls, prime rib roast, baked stuffed potatoes, buttered brussel sprouts, parker house rolls, butter, ice cream, orange coconut cookies and ice tea.

Guests for the second section were: Mr. J. E. Miller, Mr. Jack Barnett, Mrs. T. L. Beard, Mr. Ray Schultz, Mr. Lloyd Johnson, Mr. George Scott, and Mrs. Gladys Dixon. The menu for the three course dinner was: Tomato juice cocktail and cheese straws, prime rib roast beef, stuffed baked potatoes, brussel sprouts, pear and mint jelly salad, whole wheat bread, butter, individual cherry tarts with whipped cream and ice tea.

Girls, Boys Lose Volleyball Games

The Canyon Eaglettes lost out in district volleyball play to the Phillips Blackhawks, Friday. They were beaten 15-4, 15-2.

Phillips was their only foe in the tournament since the Canyon girls drew a bye for the first round of play.

Phillips went on to take the tournament, winning over Hereford.

The CHS boys volleyball team competed in the boys volleyball district meet held at Burton Gym last Friday. The Eagles were defeated by the Phillips Blackhawks in a two game series. Canyon and Phillips were the only contestants in the meet. This placed Canyon second in district.

Fiesta Queen

Dorothy McReynolds

Dorothy McReynolds, student of Spanish II represented Canyon High School as princess at the Spanish Fiesta at Texas Tech last Saturday.

During the morning the group of representatives was taken on a tour of the college campus and the recently built museum.

Lunch, consisting of Spanish food, was served in the dormitories.

In the afternoon the visitors assembled in the gymnasium for the coronation ceremony. Judges selected the queen from the royal princesses, representatives from five colleges.

The Duchesses first came to the stage and stood in a half circle toward the back. The princesses were next to stand nearer the front. Then the four royal princesses took their places two on either side of the stage. The queen was crowned as she reached the platform after which she was seated on the throne.

Then a Spanish program was given which consisted of group singing and folk dancing.

Awards were given to students who wrote the best essays in Spanish II classes, for wearers of the most attractive and the most authentic costumes.

Concluding the program of the day, the group visited the mercado, market, which consisted of booths constructed by various high schools.

Those from Canyon High School attending were Teddie Howell, Bettie Jean Graham, Virginia Rigsby, Annette Rusk, Glennetta Johnson, James Miller, Virgil Martin and Mrs. A. K. Knott, sponsor.

Canyon FFA Wins All Championships

Members of the Canyon Chapter of FFA won all of the grand championships in the individual classes at the Panhandle Plains Dairy Show at Plainview last week, and Canyon boasted a first place county group in the Junior Show.

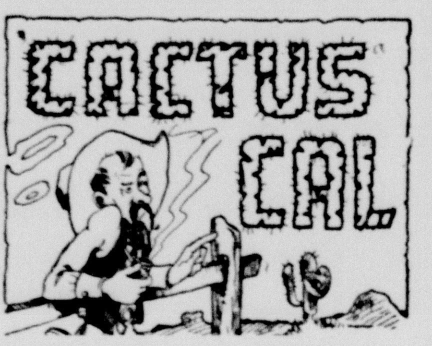
Raymond Hinders placed first in the Sub-Junior Division of the Holstein show, and second in the open class Sub-Junior Division. He was elected one of the directors of next year's show.

Jones Hales, an ex-student of CHS won first in the Grand Champion Cow Division, and first in the Grand Champion Bull Division, as well as first in other classes.

Larry Prater placed fifth and Tommy Middleton placed sixth in the Sub-Junior Division.

The eighth graders have been making fire prevention posters. Each class voted on the best ones submitted in their group, and the winners are as follows: Section I, Bob Wilkinson and Nancy Bolton tied for first place, Johnnie Bonds was second, and Peggy Shero and Frances Pennington tied for third; Section II, Jo Ann Mickey took first place, Camilla Davis, second, and Ann Holt, third; Section III, Jerry Martin was first, Doris Bourn, second and Sandra Curtis, third.

CACTUS CAL



"Spring has sprung" and as usual young men's fancies lightly turn to thoughts of love. Such is the following:

Cokes and records set a very nice scene for Bobbie Sue Gressett and Golden Currie of W. T., Saturday night.

Cal hears that Lucille Shelnutt and Calvin Crossland of W. T. are now steadies.

Merle Bullard seemed to have Carl Jennings' attention last Thursday night.

Sherma Dixon is in Tucumcari or Reno? For further information you might see Wilbert Long.

Rumor has it that Gladys Thomas and Terry Mayben are going steady.

Betty McGehee and Jim Russell find each other's company very pleasing, I hear.

Geneva Gressett seemed happily thrilled Monday over a date with Bill Hall.

Nacio Luna's big brown eyes are hard to resist, aren't they, girls?

Choir is a happy hour of everyday for Tommy Gooch because he gets to talk to Houstene Prichard. Lucille Simon gets stars in her eyes, too, when Tommy glances over her way with one of his smiles.

Open ears caught the notes as they filled the air to the tune that Ava Dooley is looking forward to a Thursday night with Carl Jennings.

Peggy Jo Bonds and Landon Barrett took in the Ice Vogues, Sunday.

Janey Jennings and Willis Parsons attended the local cinema, Saturday.

Claude Money says he wants his name in the paper, so here it is—CLAUDE MONEY.

Seventeen Sophomores Are Listed As Probationary Honor Members

CHS Sextet Takes First Place Honors

Canyon High School sextet placed first in the chorus contest at West Texas Friday, April 14. The sextet is composed of Donna Erwin, Merle Bullard, Barbara McDougal, Florence Coffee, Joyce Thurman and Betty Jean Graham. They each received medals for their presentation of "Night Has a Thousand Eyes."

A sextet, composed of Anita Ruthardt, Mary Ann Sloan, Merle Bullard, Joyce Thurman, Betty Jean Graham and Peggy Moore sang "Parade of the Wooden Soldiers" for second place in the contest. They received certificates.

In the same contest, the High School chorus sang "All In An April Evening," "Cindy," and "Joshua Fit the Battle of Jericho." They took second place honors in sight reading and third in contest.

On Thursday, April 13 at West Texas, the eighth grade girls won second. Songs presented were "Country Gardens," "Savior, Blessed Savior" and "Smiling Through."

Eighth grade triple trio sang "Trees" to capture second place. The group consisted of Joan Mickey, Dorothy Neblett, Jane Rose, Patsy Vandergriff, Barbara Winters, Nancy Bolton, Ann Holt, Virginia Holt, and Nora Dell Ruthardt.

Canyon Students Practice For News-Globe Contest

Norma Dell Ruthart, Jo Ann Mickey, Jane Rose and Joe Watson are winners in last week's eighth grade spelling contest. These students represent the three divisions of the eighth grade.

Sixth, seventh, and eighth graders will compete in the final eliminations in the near future. Canyon spellers will meet other county winners and compete for an opportunity to represent Randall county at the Amarillo News-Globe contest, May 6.

"Students are showing unusual interest in the work this year. We are trying hard for a winner in the contest," states Mrs. Irene C. Ball, sponsor.

Phyllis Wadlow, Joyce Barber, Jessie Parker, and Sue Woods of Amarillo visited Canyon High last Friday.

Marshall Walker, who attended Canyon Junior High, took time off from his chorus work to visit CHS last Friday.

Build, Buy, Live in Canyon!

Students Have to Qualify For Certain Attainments

Seventeen sophomores are nominated as probationary members to CHS chapter of the National Honor Society. They are as follows: Florence Coffee, James Cundiff, Charles Donnell, Rowena Funston, Dyann Hand, Carol Howard, Raymond Hinders, Teddy Howell, Delores Irvine, Glenetta Johnson, Betty McGehee, Dorothy McReynolds, Joyce Payne, Virginia Rigsby, Annette Rusk, Nelda Ruthart, and Richard Sanders. The same rules for them as for the higher class member applies must have an 85 per cent average in grades, abilities in leadership, and must cooperate in any movement for the betterment of the school.

These members may have a choice in the work of the organization, but they are not eligible to hold office, wear a National Honor Society Emblem, or become full-fledge members until elected as juniors or seniors.

Any sophomore who is recommended by a teacher and possesses the necessary qualifications is eligible for membership.

CHS National Honor Society will attend its first meeting next Wednesday, the seventh period, in the school cafeteria.

This Flying Saucer Business

Dear Diary:

I took a trip to Mars to ask about this flying saucer business. It seems that one of the men up there dropped something on his big toe and his toe nail flew off. As it started rolling, it collected dust and grew larger and larger. He wondered wher on Mars or on earth it could have gone, because no sooner had he lost it, than it was out of his sight. He seemed quite shocked that I should know anything about it; however, he was very glad that the mystery of its disappearance was solved. I promised to carry it back to him the next time I visited Mars. (Here is the secret, dear diary, I probably will not make another trip in my lifetime. Once was enough, since I do not like the climate there.)

Signed
Peggy Moore.

The CHS band attended a clinic at West Texas State College last Monday. The aim was to learn to do better work in high school. Mr. Jerry Newman is the chairman of the clinic. Each member was given special instruction and criticism.

Exchanging visitors: Helen Westhoff with Barbara Raef, Margaret Westhoff and Dorothy Skarke with Sylvia Raef, Jimmie Janssen with Johnny Beckman, Joe, Willie and Kenneth Artho with the McKenzie boys, Willie Wieck with Ed Grabber.

Fairview Breezes

Our revival started off Friday evening with Brother Max Stalling doing the preaching. Dorothy Watt is pianist and John Watt is leading the songs.

Mrs. Sharpes was released from the hospital Wednesday.

Mrs. Bryan Smith and daughter Nancy of Austin and Mrs. Pat Allen and children Bettye and Neal of Abilene, are visiting in the parental S. F. Sharpes home this week.

Darrell Wilson has been suffering from ear trouble this week.

Jodia Gazzaway is on crutches owing to a very badly sprained ankle.

Charles Wilson and Wyley James had the misfortune of getting in a car wreck Monday evening, but no one was hurt.

Mr. and Mrs. J. C. Shipman and daughters visited Sunday in the Raford Shipman home.

Mr. and Mrs. Ira Scribb and children visited Sunday with the Charles Wesley family.

Mr. and Mrs. Hollis Shipman took Nan Earyle and Jerry to Lubbock to complete tests at the clinic.

Mr. and Mrs. Curley Myers are attending a dog show at Dallas this week.

Aunt Sis Gatton is visiting her daughter Mrs. Alvin Wesley.

G. E. Wesley was pretty badly shaken when he broke a rung on the ladder, first landing on stan tank then off on the ground while working on grandmother Evans' windmill Friday.

Mrs. Serena Bryan will have an all day quilting at the H. D. Club meeting on Friday. Everyone is invited to church Friday morning at 9 o'clock, then go to Mrs. Bryan's for the quilting and club meeting.

Mr. and Mrs. Woodrow Wesley and C. R. visited Saturday evening in the J. W. Wesley home.

Highland News

We certainly are enjoying the showers this week. Every little bit helps during this dry weather.

Rev. and Mrs. L. E. White, Jr., went to Madill, Oklahoma, for the funeral of Mrs. White's brother. They left Thursday and were back for the services Sunday.

Mrs. Roy Lee Jones gave a surprise birthday supper for Roy Lee Friday evening. Those attending the supper were Mr. and Mrs. Jack Howell, Mr. and Mrs. Winston Evans, Mr. and Mrs. Cecil Roark and Phil, and Rev. M. O. Evans.

Mr. and Mrs. A. M. Atchley and family were in Borger on Saturday.

Miss Jean Tandy and Jane White spent Friday night with their teacher, Mrs. Howell.

Good crowds are attending the revival services at the Palo Duro Baptist church this week. Rev. White preached morning and night until Rev. M. O. Evans from Skellytown came on Thursday.

Mr. and Mrs. Farmer, Mr. and Mrs. Weaver, and Mrs. M. O. Evans from Skellytown visited in the community Friday.

Jane White spent Sunday with Verna Kay McBroom.

We are sorry to hear that Mr. and Mrs. W. G. Guthrie are planning to move.

Mrs. Guy Tandy returned from a visit at Dumas Wednesday afternoon.

Mr. and Mrs. A. M. Atchley and family visited Mr. and Mrs. Winston Evans Saturday.

DAY
MAY 14

Remember Mother
WITH YOUR PORTRAIT

Remember the happy hours by Mother's side . . . and the tears and the troubles she kissed away. You and the rest of your family have had all of her love, all of her care . . . for you are the ones she loves best in all the world.

On Mother's Day nothing that you could give her would be more treasured than your portrait . . . a portrait that mirrors the you that is in her heart always.

This year, give her the best gift of all . . . a portrait of you. Call or drop in for an appointment.

BRITAIN'S STUDIO

Good Reputation Gained By Star Electric Company

The proper wiring of a building at the time of construction is the only way to assure satisfactory use of electrical appliances after they are bought. Star Electric Co. is an Amarillo firm that has at its command the very latest ideas and submits only the newest and most complete wiring plans. Consistent boosters have been the reward for Star's electrical engineering service as well as their use of only quality materials and efficient and skilled workmanship at the completion of each of their jobs.

Numerous reliable merchants in this community who have used the services of Star Electric Co. report increased crowds at their display windows and more attractive and comfortable interiors. In the installation owner G. A. Renfro pays particular attention to the harmonizing of the equipment and general appearance of the rooms and furnishings, sees that all outlets and connections are conveniently located, as well as nothing is overlooked to make the job first class in every respect.

In the shop of Star Electric Co. located at 2510 Roberts in Amarillo the very lates tools and equipment are maintained and no electrical installation job is too large or too small — industrial, commercial or residential for them. In addition their qualified and experienced electrical engineering department are able to work out the most intricate details in connection with the electrical construction business.

The good will and continued patronage built up by G. A. Renfro and his Star Electric Co. certainly bodes well for them and gives promise to an even more successful future.

Howard T. Trigg Is Qualified Surveyor

One of the most important figures in any community, especially a growing one such as ours, It is he who runs your property line before any building is erected and who ascertains exactly where the proper boundaries lie.

There is no profession who plays a more important part in the development of our country. It will be remembered that the surveyor has always played a most important role in our society. George Washington was a member and practiced as a surveyor back before the Revolutionary War.

There have been builders of structures who have found, after having finished construction, that they were encroaching on the property of their neighboring owners. Had they employed the services of a qualified surveyor they not only would have saved time, money, the trouble of litigation, but much embarassment would have been eliminated.

Howard T. Trigg, Licensed Land Surveyor in Texas, with offices in the Johnson Building in Amarillo enjoyes an enviable reputation in this area for completeness and thoroughness in his work and it is with real assurance that a property owner can proceed with his construction after this capable engineer has completed his survey.

It is a pleasure for us to commend to our many readers Mr. Trigg knowing that any survey he assumes will be properly and promptly completed.

Leading educators oppose U. S. funds for parochial schools.

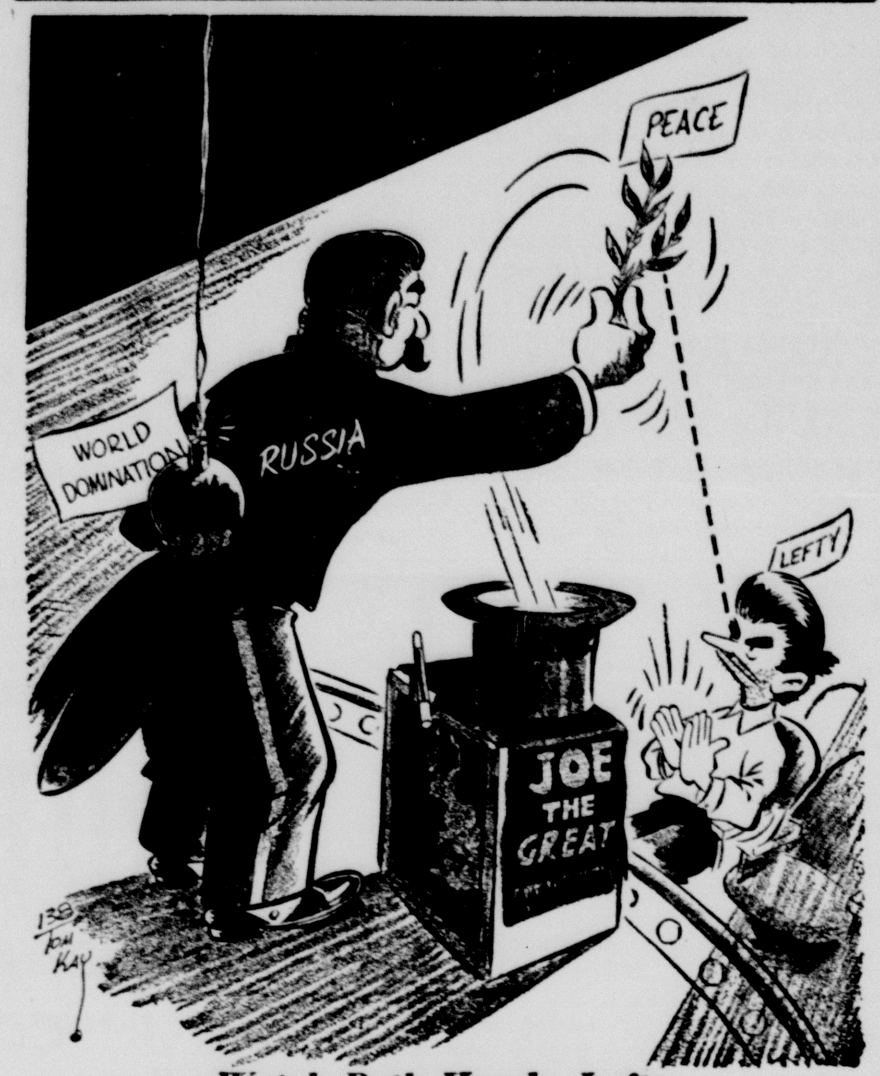
THE AMERICAN WAY



Watch Both Hands, Lefty

Birchfield's Garden Makes Name In Area

One of the most progressive firms of its type in the area is Birchfield's Garden located on River Drive in Amarillo where, under the ownership and management of W. R. Birchfield an enviable reputation has been built up over the years.

Mr. Birchfield is conceded to be an expert in the landscaping and nursery line and has made extensive studies of plant life and how best to encourage the growth of all forms of shrubs, trees and flowering plants in this climate.

For those home makers who delight in beautifying the grounds around their homes and commercial concerns and those in charge of schools and other public buildings Birchfield's Garden is a haven for good advice, and a source of supply of healthy plants and shrubs all ready for transplanting.

Whether it be plants for a formal garden to embellish the grounds of a large home, business or public building or just good healthy shrubs or flowering plants for the most informal home flower garden Birchfield has the "know how" to advise the proper assortment for the job at hand.

In planting any nursery shrubs, trees or flowing plants it is always advisable to be sure of the planting season and in this connection, Mr. Birchfield, and his associates are always happy to consult with home gardners and offer experienced advice.

We are glad to recommend the Birchfield's Garden to our many readers and to offer to the firm at this time our best wishes for their continued success in this field.

Plains Sign Co. Tops In Design

Amarillo is noted for being possibly the best lighted and having the most attractive signs, especially Neon, in the Southwest. Plains Sign Co., owned and operated by L. G. Kopp, located at 4907 Plains Blvd., are leaders in the field of Neon signs and specialties as well as operating a complete sign service doing truck and window lettering, porcelain enamel signs as well as being manufacturers of roof structures which are properly engineered and tested for safety in wind and storms. One of the recent roof structure installations made by this aggressive sign company is for the large roof sign on the new Jim Hill Hotel in Hereford.

It has always been the policy of L. C. Kopp to employ the very best artists and sign designers in order to make their neon signs, as well as the others, outstanding and real "business getters." Plains Sign Co. are always glad to consult with new customers on their sign requirements and because of their wide experience and knowledge of the business, they are able to recommend the proper sign that will be the most attractive. This service is offered without obligation.

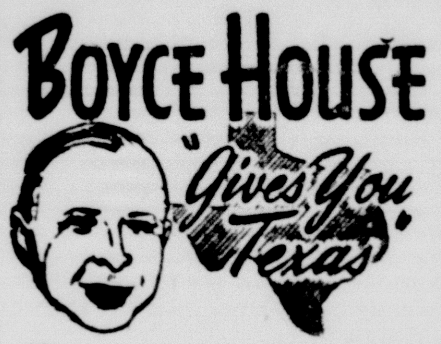
The service department of Plains Sign Co. for the maintenance of signs is open 24 hours and their reputation for rendering quick service is one of the several reasons they are so popular.

We take this opportunity to compliment L. C. Kopp and the Plains Sign Co. for the good record that they have made for superior design, quality materials and workmanship and also their quick service and reasonable prices and hope for them many years of continued operation.

Jessup says U. S. would view gravely attack on Indo-China.

Free freight tentatively agreed on to save potato surplus.

BOYCE HOUSE "Gives You Texas"



There was a man who was:

Defeated as a candidate for the legislature in 1832.

Failed in business and lost his property in 1833.

Defeated as a candidate for speaker in 1838.

Defeated as a candidate for elector in 1840.

Defeated twice in one year—1843—as a candidate for commissioner of the General Land Office and as a candidate for the Congressional nomination.

Defeated as a candidate for reelection to Congress in 1848.

Defeated as a candidate for United States Senator in 1855.

Defeated as a candidate for the vice presidential nomination in 1856.

Defeated as a candidate for United States Senator in 1858.

But elected president of the United States in 1860, saved this Republic from the most terrible crisis of its first 100 years and achieved immortality as one of the greatest men in the history of the world.

His name of course was Abraham Lincoln.

If you are one of those (so am I) who has trouble in knowing what classical music is, here's an unfailing test: If it keeps sounding as though it was going to become something you could hum or whistle—but it never quiet does, then it's classical music.

Like the twins, Bill and Bob. The only difference was that Bill had teeth and Bob didn't. So you stuck your finger in Bob's mouth and, if he bit you, it was Bill.

And that's a little like the doctor who could cure only one thing—fits. And so when he arrived, the first thing he did was to throw the patient into fits and then bring him out.

Population of Soviet Union is now put at about 200,000,000.

U. S. owns more than fourth of world's merchant fleet.

Michell Directing 'Twelfth Night'

Directing and designing "Twelfth Night," West Texas State's most fabulous stage production, is Carl Michell. The play is to be presented May 8, 9 and 10 in the Administration Building auditorium.

Michell has planned costumes and scenery for "Twelfth Night" since his return from the service in Italy but up until now his plans have failed to materialize. Hats and costume trimmings have been ordered from Italy.

CARL MICHELL

* * * *

I nthe absence of Mr. William A. Moore, who has a role in the Amarillo Little Theater production of "The Heiress," Michell is serving as director of the Shakespearean comedy. He is enthusiastic about the play, saying, "It's a wonderful comedy and just because it's Shakespeareaen is no sign it is dry."

A junior at West Texas State College, Michell attended and graduated from West Texas High School in 1944. He began his college career the same year. He played in his first show, "Common Clay," and designed "Spring Dance" during his freshman year. His sophomore year he designed "Jane Eyre" and "Dover Road" and directed 'Highland Fling."

In April of 1946, Michell enlisted in the army. He spent three years in Italy with the American Graves Registration Service. This service exhumes the bodies of American soldiers killed during the war and returns them to the states.

While in Italy, he studied at the University of Rome, the Academy of Theatrical Design, and the School of Artistic Industry. Michell designed two ballets, one for the National Opera in Rome and one for the San Carlos Opera in Naples. He also designed clothing for several fashion shops in Rome.

Michell returned to Canyon in March of 1949 and resumed his college work. "Years Ago" and "Arsenic and Old Lace," Amarillo Little Theater productions were designed by Michell. He has just finished designing "The Heiress," to be produced by the Amarillo Little Theater in May.

The young director had roles and designed the Summer Theater productions of last year, "The Man Who Came To Dinner," "Our Hearts Were Young and Gay," and "The Importance of Being Earnest." Michell also designed "The Little Foxes" and "The Late Christopher Bean." Plans for the next Summer Theater include his costuming and designing.

Michell wants to make his career of designing for summer stock and professional theater plays. He also plans to return to Italy for further study in the field of designing.

The taking of the census will deflate the population of many municipalities which claim record-breaking growth.

Fools and philosophers were made out of the same metal.—H. G. Bohn.

Many talk like philosophers and live like fools.—Thomas Fuller.

NEEDED THE MONEY

Just before the professor entered the classroom he was accosted by a business-like chap about eight years of age.

"I am a brother of Betty Brown," he began. "Will you please tell me if she is going to fail in geometry?"

"Well," answered the teacher, "why do you ask that?"

"I heard her tell her friend last night that she'd give a dollar to know whether she was going to fail, and I need that dollar," was the reply.

With the baseball season about to begin, the people of the nation might get control of the people of the nation.
